Dear Ventura Board of Supervisors,

Current oil operators are allowed to apply for permits that "Antiquated/conditional permits". What is the definition of antiquated I ask? It means 'too old to be suitable or useful; obsolete'. In addition they are CONDITIONAL. I URGE you, as stewards of our precious land, air and water of beautiful Ventura County to REFRESH and UPDATE these permits!!! Bring them to standards of our current knowledge of environment to the year 2020!!!! Please take the time to do this for the good of your constituents of Ventura County CA!

Sincerely,  
Katharine S Simmons
