Subject: Conditional use permits for oil companies

Dear Board Members, I appreciate all of the work that you have done to keep our county a great place to live. I have been here seventeen years and marvel at how different it is from L.A. county. One memory from 2003 was when I had a question about taxes and I called the number for the tax assessor and the tax assessor answered the phone in person. Stunning! I really appreciate the easy access to elected officials.

I am writing now because I am concerned that the oil companies that have leases in our county might be allowed to go forward with drilling and/or fracking. I am counting on you, if this happens, to provide proper review and oversight. Please protect our land, air and water...we do not want to suffer the consequences of more pollution.
Thank you.

Sincerely,
Mildred Seidman
