Subject: Antiquated CUPs

To the clerk of the board:

As a founding member of CFROG, I'm writing to urge the Board to require that all new drilling on oil leases in Ventura County be subject to the same scrutiny to which any new permits would be subject.

To do otherwise would be the same as allowing local growers to use pesticides that have been outlawed, or new construction built where it is not properly zoned.

It's time to bring Ventura county into the modern era!

Thank you,
Rain Perry
