Dear Clerk of the Board:

Regarding the subject of this e-mail, and as long time multi-generational owners of actively producing mineral estates in Ventura County that are managed by and for which royalties are paid to us by Aera Energy, LLC, my husband and I wish to go on record as **STRONGLY OPPOSING** any action on the part of the county that might in any way be construed as an infringement upon our mineral rights or the profitability of Aera Energy, LLC continuing production there.

Please reconsider whatever ill formed objectives that have motivated the board to entertain the formation of policy in this direction and we implore you to leave our mineral rights alone.

We find it amazing that we even have to send such an e-mail as this.

Respectfully,

Janine Marie Hartman Rey (Boise, Idaho)
