Subject: Legacy permits and vested rights

To whom it concerns,

I wish to voice my concerns, As a mineral owner, this proposal infringes on my vested rights. Shutting down local production will impact the livelihoods of royalty owners including myself, and the jobs of workers in the community and their families. I share a commitment to clean air and water in our communities, but we cannot meet environmental challenges if we cannot afford basic needs I oppose the boards, latest proposal to amend the coastal and non-coastal zoning ordinances. I hope my voice and that of others does not go unheard.

Regards, Debra D. Fieten
