Subject: Read in Meeting: Support for Agenda Item #47: Protect Our Communities and Environment from Antiquate

CAUTION: If this email looks suspicious, DO NOT click. Forward to Spam.Manager@ventura.org

Dear Ventura County Supervisors,

As a 20 year resident of Ventura County, a county I feel blessed to call home, I'm writing in support of efforts to amend the County's Zoning Ordinances so that your Planning Division and the public will have better oversight over new oil wells and facilities. I'm reaching out to urge you to please vote to amend the Zoning Ordinance to ensure that new wells and facilities under antiquated permits are subject to environmental review and public notice and hearings.

Oil companies must not be allowed to drill an unlimited number of wells, for an unlimited amount of time, and without an evaluation of impacts on public health and the environment.

In a time of increasing climate catastrophe, it is imperative that we support legislation that puts the earth first.

Regards,
HOLLY JOHNSON
