**Subject:** Ventura County Oil & Gas Ops

**CAUTION:** If this email looks suspicious, DO NOT click. Forward to Spam.Manager@ventura.org

All oil and gas operations in Ventura County should be held to planet protecting environmental standards.

Please don't allow oil operations to expand indefinitely under antiquated Conditional Use Permits. These permits were handed out decades ago, before our current understanding of the public health, safety, and climate impacts of oil production.

We can't and shouldn't accept that any person or corporation has an any right to expand in ways that pollute our land, air, or water.

All new drilling and expanded extraction should require a new permit and FULL compliance with current health, safety and ***environmental*** standards.

As your constituent I am asking that you actively govern toward this end.

Sincerely,

[REDACTED]

Oak View, CA
