Dear Ventura County Supervisors,

I'm writing in support of efforts to amend the County's Zoning Ordinances.

Please do not authorize any more oil drilling and or fracking! We are in a critical phase with our environment. Protecting our environment must take priority if there is to be a future for our children. We need to concentrate on solar, wind, geothermal energy instead of oil NOW.

Thank you for doing the right thing. This is not an area for compromise.

Regards,
