Dear Board of Supervisors,

We greatly appreciate your diligent efforts to protect our beautiful community. However, we ask you to consider including more citizens in this process as some items, approved in haste can have negative financial impacts on our most vulnerable citizens.

This item, if passed, will dry up funding from the Wood Claeysen's Foundation, which has provided funding for decades to non profits in our county. There are so few foundations in our county and we are all feeling the financial crunch from critical events over the last 3 years. Ventura County is at its best when we all work together for a better life.

Respectfully submitted,

Patti Birmingham, CEO
Boys & Girls Club of Greater Ventura
