Re: Opposition to Community Workforce Agreement (Please read at the meeting)

Dear Board of Supervisors:

As an architect and also properties owner in Ventura county. I am strongly opposed to any proposal that will increase the construction cost to county projects. We can't afford it. Please read my attached letter.

Sincerely,

Re: Opposition to Community Workforce Agreement (Please read at the meeting)

Dear Board of Supervisors:

As an architect and also the property owner in Venture County. I am strongly opposed to the community Workforce Agreement (CWA) proposed by Supervisor Zaragoza.

The current prevailing wage for county projects are already double the cost of privately owned projects. And if it is a school project, it will be more than double the costs. PLA will raise costs on county projects by another 18%. That is a big waste of our taxpayers' money. Please don't impose another ridiculous law to make county project so costly. It is not fair to all tax payers.

Any government contractor, as well as the government itself has a responsibility to save money for taxpayers.

I urge your board to vote NO on the CWA that is proposed.

Sincerely,
