**To:** ClerkoftheBoard  
**Subject:** READ AT MEETING ITEM #9.

As a concerned citizen, I do not want my name read or posted when I submit an email regarding an issue to the Supervisors meeting. This is invasion of my privacy. If I want the public to know my stand on an issue, I will make my face and name known in person.

There needs to be a vaccine Resolution so that my right NOT BE VACCINATED (my body, my choice) will not be used against me, as a citizen, to participate or enter a public arena (which is usually paid for by my taxes).

Look out for the good of all citizens and not stand with those who want to use their position for tyranny.

Citizen,  
Margarita Assael  
Westlake Village, Ca
