Hi,

I am writing in to express my opposition to the implementation of 'vaccine' verification 'passport' or paper or document or anything else you're calling it.

This violates my constitutional rights and freedom to do what I want with my body. Government do not have the right to mandate against personal freedom and this pandemic has been over blown and pushed upon the ignorant American people to obey laws that are against everyone's constitutional right and freedom that it says we have.

Thank you.
