Subject: READ AT MEETING ITEM #9. - I am absolutely AGAINST any kind of 'vaccine' passport!!

I am completely appalled and sickened to learn about the Board of Supervisors posting personal names from emails sent to Linda Parks about the Jan 6th Resolution. These names were not authorized to be read nor published. Is Linda Parks retaliating against the citizens who voiced grievances against her resolution that was pushed through in January? Is this an ethics violation?? It is VERY Unamerican to me and a violation of people's privacy.

Also, during last week's meeting there was a caller who proposed a "vaccine resolution" to protect the county from private & public companies trying to force ILLEGAL 'vaccine' mandates for participation. When is the county going to use this resolution to HELP the citizens of Ventura County? This is the time the resolution is needed because facts do exist, and us citizens still have personal freedoms based upon the constitution.

I am ADAMANTLY opposed to any kind of mandatory 'vaccine' passport!
