**Subject:** Public comment for the 5/18/21 meeting

To all the Board of Supervisors in Ventura County; I would ask you to remember who you work for. It is the people of Ventura County and I do not give you authorization to approve a "vaccine passport." Nor do I support you or any other governing body to incite, coerce, bully or encourage businesses to enact a vaccine passport system by encouraging them with financial aid or threatening them with extortion. Please consider this as you meet on Tuesday.

Respectfully,  
James and Renee Hrabak
