Subject: Public Comment Ventura County Board of Supervisors Meeting Agenda Item #8 - Read Aloud at Meeting

To whom it may concern:

We demand the county take a public stance AGAINST vaccine passports of any kind.

Digital vaccine passports of any kind are discriminatory against those based on their medical status, religious beliefs and more. Requiring a vaccine as a condition to participate in society is unlawful, immoral, unethical and unthinkable.

Private businesses are NOT above the law and they are PROHIBITED from implementing any such verification program as a condition of doing business.

We are demanding that this board Publicly state its opposition to the vaccine passport.

We demand this board Cancel the OTHENA contract which was unlawfully approved. We demand you Prohibit businesses from requiring a vaccine verification to get service fMedical freedom must be protected. We must protect ALL our community members from being discriminated against based on their personal medical choices. We must think about future generations and what this is doing to our children.
