**Subject:** Fwd: Oppose Vaccine Passport

Dear Baord of Supervisors,

I strongly oppose even the thought of a vaccine passport. This would be a violation of our constitutional and civil rights and against HIPPA laws.

I urge you, as my representatives to prohibit the state, local cities and businesses from developing such systems. This would be illegal and a crime. This would cause great harm, division, discrimination and is not equitable treatment of citizens.

As public servants, you have sworn oaths to uphold the constitution. Be brave and do what is right for Ventura County. Oppose vaccine passports.

Respectfully,  
Monica Martin  
Ventura County Resident
