Subject: regarding Agenda items 8 & 9

To whom it may concern;

Please say no to ANY kind of Vaccine passport, even if it is not generated from the state. There should be NO private discrimination.

it came to my attention that Ventura Co. was considering a vaccine passport. I grew up in Ventura Co. and the majority of my family still lives there.

One of my favorite things about it is the sense of freedom, family, safety, and privacy. That has all been threatened and partly taken away due to the draconian measures that were put in place due to Covid of which 99.9 % of people recover from. I don't know VC's actual, real death count FROM not WITH Covid but that would be a good thing for us all to be versed on and really honest about. I am also thankful for the mindful and careful way the county tried to do the best thing they could for the people when this first occurred. i realize no one knew exactly what they were dealing with and there was a LOT of fear spreading faster then covid.

I understand there are many that want to take the emergency experimental injection and if so that is their choice. I also know many people who have had covid came through just fine and built their immunity. They do not need or want the shot, and others that have auto-immune disorders that could be strongly aversely affected by this shot. I am one of the latter. I am a very healthy and conscientious person and can take care of my health needs as well as be considerate to others. if a few years down the road the FDA has approved and it gets refined to not have so many adverse affects such as blood clots, strokes, sudden onset of debilitating arthritis and death, i would consider it for myself.

There is more then 1 type of loss of life....death is one, freedom, privacy, good standing reputations are others. This suggested measure would impose immeasurable losses to liberty and provides so much opportunity to hurt the public. Please please say no, keep our freedom alive.

i appreciate the board and all of the work you do.

Sincerely,

Robin Fischette
