BOARD OF SUPERVISORS OF VENTURA COUNTY  
May 16, 2021

RE: OPPOSE VACCINE PASSPORTS

1. Any form of vaccine passports discriminates against those persons who choose to decline the experimental COVID-19 vaccination based on their health/medical status, religious beliefs and more. Requiring a vaccine as a condition to participate in society is unlawful and immoral.
2. Private businesses are NOT above the law and they are PROHIBITED from implementing any such verification program as a condition of doing business.
3. I demand that this board:
  - a. Publicly state its opposition to the vaccine passport;
  - b. Cancel the OTHENA contract which was unlawfully approved; and
  - c. Prohibit businesses from requiring a vaccine verification to get service
4. **California Government Code 12926 (q)** protects one's religious liberty and practice, including the ability to NOT PARTICIPATE in practices that violate one's sincerely held religious beliefs
5. **California Government Code 37100** states that NO county, municipality or legislative body may pass or enforce a law that violates the laws of this state or the laws of the United States.
6. It is unlawful, unethical, immoral and unthinkable to state that private businesses can require a vaccine passport or vaccine verification as a condition for conducting business. Is it even possible that you are this ignorant of the law?

**California Civil Code 51 states that:**

**All persons within the jurisdiction of this state are free and equal**, and no matter what their sex, race, color, **religion**, ancestry, national origin, **disability**, **medical condition**, genetic information, marital status, sexual orientation, citizenship, primary language, or immigration status **are entitled to the full and equal accommodations, advantages, facilities, privileges, or services in all business establishments of every kind whatsoever.**

7. **California Health and Safety code 101080** states that a local health emergency **can only be called** where there is an 'IMMINENT AND PROXIMATE THREAT of the INTRODUCTION of a contagious disease...' and this local health emergency EXPIRES AFTER SEVEN DAYS. The local health emergency was called in Feb of 2020; this is 15 months later. THERE IS NO EMERGENCY! There is no imminent and proximate threat of an introduction of a contagious disease.
8. There is no emergency, and there never has been. The numbers don't add up. You are participating in this charade to get money – which is fraud; to implement the emergency vaccines (also fraud); and to impose authoritarian control. Fraud is a felony, and felonies carry a prison sentence. Many public servants are behind bars serving hard time for their crimes.
9. You don't go into the emergency room with a broken leg and *stay* in the EMERGENCY until your leg is healed. You get a cast on your leg – and then you are released from the EMERGENCY room – because IT IS NO LONGER AN EMERGENCY, even though your leg is not yet healed.

10. Requiring a Covid vaccine (which is a medical experiment) as a condition to participate in society is UNLAWFUL COERCION according to CA law.

**24170:** This is the **Protection of Human Subjects in Medical Experimentation Act**

**24171:** The Legislature hereby finds and declares ... **the right of individuals to determine what is done to their own bodies.**

**24172 (j)** This is the "experimental subject's bill of rights," and states that individuals

**Be given the opportunity to decide to consent or not to consent to a medical experiment without the intervention of any element of force, fraud, deceit, duress, coercion, or undue influence on the subject's decision.**
