Subject: I OPPOSE the DIGITAL VACCINATION PASSPORT

TO: VENTURA COUNTY BOARD OF SUPERVISORS

I just became aware of the proposal to bring vaccine passports to Ventura County. I have been a resident of Ventura County for about 20 years and **STRONGLY OPPOSE** a digital vaccination passport. This violates my rights as written in the Constitution of the United States of America and would create a surveillance state.

Please do more research and **DO NOT PASS** any legislation that participates in a digital vaccination passport for your residents.

Currently, the Covid "vaccine" is not even a vaccine as it's considered *experimental* until the FDA formally approves it. It's possible that more and more side effects will be found after mass vaccination allows for a longer term of observation on a larger number of people. I personally know friends and family who have had adverse effects.

Please don't jeopardize our freedom in the false guise of protection.

Thank you in advance for taking a stand and **OPPOSING DIGITAL VACCINATION PASSPORTS**.

Sincerely,

Allison Jelin
