To the Board of Supervisors,

Originally, I began composing this letter to urge you to NOT vote for a vaccine passport within the county as it is a breach against our personal freedoms. But a friend just texted me to inform me that Ms Bautista contacted her family to inform them that the rumors that Ventura County is adopting a vaccine passport is just that—rumors, and false ones at that!

I am very happy to learn that the Board agrees that we MUST protect our Constitutionally protected individual rights, as well as the privacy of our own health history, and that there will be NO vaccine passport required within the county!

In closing, I continue to urge the Board to *not* hope such a "passport" at any time in the future. I respect and appreciate that you are working to protect our freedoms in our beautiful county!!

Sincerely grateful,

Susan Bass
