To the Clerk of the board.

Please read my public comment out loud during the board of supervisors meeting and make it part of the public records.

Thank You,

To the Board of Supervisors, Mr. Levin, Mr. Vargas and Mr. Powers,

I demand that you AFFIRM, IN WRITING, THROUGH A RESOLUTION , THAT THE PEOPLE OF VENTURA COUNTY WILL NOT NEED PROOF OF VACCINATION TO DO ANYTHING." Your word means nothing until it's in writing in a Resolution.

***** The creation of any kind of immunity caste system or verification system will be rejected by the people. We the people understand that as soon as these shots move from EUA status to approval, the state and the county (such as Ventura) can initiate mandates, just as they did with masks. Any protocols, requirements, vaccine passports, or proof of vaccination status are preliminary to building infrastructure.

I demand that you cancel the OTHENA contract which was unlawfully approved.

I demand that you prohibit businesses and schools from requiring a vaccine verification.

I demand that businesses stop coercing their employees to take the vaccine to hold their jobs.

You and the businesses are breaking many laws.
