**SUBJECT:** Receive an Update from Clean Power Alliance

**RECOMMENDED ACTIONS:**  
Receive and file.

**DISCUSSION:**

We know now more than ever that climate change is drastically affecting all of us, and we must adapt to sustainable and cleaner methods of providing energy. Clean Power Alliance (CPA) is a locally operated electricity provider for communities across Los Angeles and Ventura Counties that is working toward the goal of zeroing out GHG emissions and reducing individual and commercial carbon footprints by offering renewable and carbon-free energy to their customers. CPA's 100% Green Power and many programs provide cleaner energy to residents and businesses as well as contribute to local climate action planning and statewide clean air goals.

Please join us in welcoming CPA Executive Director Ted Bardacke to the Board of Supervisors. Mr. Bardacke will provide an update on CPA's recent programs and initiatives that can benefit Ventura County residents and businesses.
