Good afternoon John

. Looking at my schedule I will be out of town on Sept 14 at the time of the appeal hearing. I would like to voice my support for a new well.

Crestview Mutual water has a duty to supply water to its shareholders, and the fact that one of our two only wells water table is precariously low

and the fact that we are experiencing one of the driest years on record. I believe that it is imperative that Venture County planning grant Crestview Mutual Water

the okay to drill a well to replace the failing well we have now.

Sincerely Steve Lourenco
