

Exhibit 1

Summary of Redistricting Comments and Maps Received

General Themes:

- Two Majority-Minority (Latinx/Latino) districts
- Align Ojai boundaries with the city's social and economic interests
- Align Oak Park and Thousand Oaks in one district due to social and economic interests
- Align Ojai-Ventura as one community of interest
- Limit split of Camarillo to keep district whole, Camarillo as a community of interest
- Align Santa Paula, Santa Clara River Valley, Fillmore and Piru in a community of interest
- Maintain Oxnard beach neighborhoods as a community of interest
- Limit split of Oxnard's established neighborhoods
- Maintain Port Hueneme as a community of interest
- Keep Moorpark together as one district, located in a southeast county district
- Align Simi Valley and Moorpark in a community of interest due to social and economic interests
- Maintain SE Oxnard, Port Hueneme, Nyland Acres, El Rio as a community of interest

Re: County of Ventura District 1 – Maintaining Ojai and Ventura as Communities of Interest

To Ventura County Board of Supervisors:

The City of Ojai would like to resubmit this letter in support of retaining Ojai in District 1 and strongly urge the Board of Supervisors to consider maintaining both the City of Ojai and the City of Ventura in District 1. The Cities of Ojai and Ventura have a strong connection and community interests. Both are served by the Ventura River and its water supply and share State Highway 33. The Ojai Valley Trail is also connected to the Ventura River Trail which allows residents from both cities to bike from the Ventura to downtown Ojai. Public transportation also connects the cities and their residents.

At the County of Ventura Community Redistricting Meeting on August 31, 2021 you received public comment from Assemblymember and former District 1 Supervisor Steve Bennett. Assemblymember Bennett stated he feels strongly that Ojai and Ventura have a strong community of interest because both cities are connected by the Ventura River water source and Highway 33. The City of Ojai agrees with, and supports Assemblymember Bennett's statement.

The definition of a Community of Interest is a contiguous population that shares common social and economic interests that should be included within a single district for purposes of its effective and fair representation. The City of Ojai and Ventura meet this criteria, and should remain in District 1.

Thank you for your consideration of this important matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "James Vega", is written over a blue line.

James Vega, City Manager

RE: BOARD OF SUPERVISORS REDISTRICTING PROCESS

Dear Chair Parks, Vice Chair Ramirez, and Supervisors Long, Huber and LaVere:

We are writing this letter on behalf of the Latinx Bar Association (LBA) [formerly known as the Ventura County Mexican American Bar Association (VC MABA)]. LBA is an association of Ventura County attorneys and members of the public interested in justice issues in Ventura County. We are committed to the advancement of the legal profession and the empowerment of the Latinx community through education and the promotion of greater fairness and advocacy in racial equity and equal justice issues. This letter incorporates the written and oral public comments submitted by Barbara Macri-Ortiz on October 19, 2021, in connection with the Board's public hearing regarding the 2021 Supervisorial Redistricting Process (Agenda Item No. 49).

Our members have been closely monitoring the Board's redistricting process. We are pleased that the County agreed to expand its outreach to the Community, since this process had been moving very quickly. We do understand and appreciate the time constraints imposed on the Board as a result of the December 15, 2021 deadline for selecting the new maps for the five supervisorial districts.

Our members were especially pleased to see the Board reach a consensus with respect to the need to redistrict in a manner that will allow there to be two Latinx majority districts,

Letter to Chair Linda Parks, Ventura County Board of Supervisors
RE: BOARD OF SUPERVISORS REDISTRICTING PROCESS
October 24, 2021
Page 2

in light of the fact that 43.2% of the population in Ventura County is Hispanic or Latino.¹ We closely listened to the discussions at the October 19, 2021, Board meeting and in particular to the concerns raised by Board members relative to how the redistricting process may impact their individual Districts and the County as a whole. The overriding concern that was raised by several Board members was how the new maps would impact individual cities within the County. It is clear that the Board's desire is to achieve the two Latinx majority districts in a manner that limits the splitting of cities as much as possible.

We have taken your concerns seriously and believe that the Latinx Bar Association Map (LBA) that we are offering together with this correspondence in fact addresses these two primary concerns in a manner that respects the integrity of each of our cities, in keeping with the law as set forth in the Fair Maps Act and Section 2 of the Voting Rights Act. The LBA map can be accessed at <https://districtr.org/plan/69298>.

The LBA Map that we offer provides the following:

1. Eight of the ten cities in the County, including Camarillo, Moorpark, Port Hueneme, Simi Valley, Santa Paula, Fillmore, Ventura and Ojai are not divided between two or more districts.
2. Two CVAP Latino majority Districts are created within the 3rd District (50.1%) and the 5th District (63.9%). The total population of these districts is on the low side but still within the acceptable range at 95.6% for District 3 and 95.65% for District 5.
3. The City of Oxnard is still divided between three districts. We are residents of Oxnard so we understand the concerns raised by the City Council with respect to the redistricting process, in particular the overriding concern that the City not to be split between three Districts. Oxnard has drawn proposed

¹. See United State Census, Quick Facts, Ventura County, California. Note that the percentage of the County's population classified as "White alone, not Hispanic or Latino" is 44.7%. The percentage of the County's population classified as "Hispanic or Latino" at 43.2% is almost equal. The remainder of Ventura County's population consists of people classified as Asian, African American, American Indian, Alaska Native, Native Hawaiian, other Pacific Islander or people of two or more races.

Letter to Chair Linda Parks, Ventura County Board of Supervisors

Page 3

maps accordingly. However, these maps do not allow for the County to produce two Latinx majority districts. Oxnard also indicated that it is important to consolidate the inhabited areas of Oxnard and not split Oxnard's established neighborhoods between two supervisorial districts. Finally, Oxnard would like the supervisorial district boundaries to be easily identifiable and understandable by the residents.

The LBA map attempts to address all of Oxnard's concerns in a manner that respects and addresses Oxnard's apprehensions while still allowing the County to produce two Latinx majority districts. Under the LBA map, the divisions were done in a manner that we believe is logical and fair to Oxnard, as well as to the County as a whole in the following ways:

First, no established Oxnard neighborhood has been split. We have included in District 5 as many of Oxnard's forty-seven (47) established neighborhoods, as can be accommodated in keeping with the overall goal of the County to produce two Latinx districts. The neighborhoods included within District 5 start from the furthest point north (RiverPark) and fill in the City going from North to South and east to west. District 5 would include thirty-six (36) of Oxnard's forty-seven (47) established neighborhoods.

Second, we have united Oxnard's three (3) beach community neighborhoods (Oxnard Shores, Channel Islands and Hollywood by the Sea) with the First District. Under our map, the First District would encompass the entire coastline in Ventura County. We believe that uniting the coast under one district makes sense because the biggest issue and environmental community of interest for our coastal residents is and will continue to be climate change, and specifically sea level rise. As a County, we must find a consensus on how to address this issue in a manner that makes sense for all of our residents who live along our coastline. It would not be helpful if the approach taken by the residents of one section of our coastline negatively impacted the problem in another section of the coastline. We cannot afford to play whack-a-mole when it comes to sea level rise. This is a common issue that must be approached in a coordinated and uniform manner in order to make the most progress. Additionally, we would anticipate that the

opportunities for grant funding for sea level rise projects would be enhanced if all of our coastal residents are working together on common solutions.

Third, we have united Oxnard's remaining eight (8) established neighborhoods, together with Port Hueneme and the unincorporated communities of El Rio, Nyeland Acres and Strickland, into the Third District. These eight neighborhoods in South Oxnard include Cypress, Diamond Bar, Lemonwood, Redwood, South Winds, Terrace Estates, Tierra Vista and Villa Capri. We attempted to use Bard Road and Pleasant Valley Road as natural dividers between the Fifth and Third Districts. However, we had to make some adjustments in order to balance the populations within the two districts and ensure that the Third District's CVAP Latinx population remains above 50%². The LBA Map also unites in the Third District the Santa Clara Valley communities of Santa Paula, Fillmore, Piru, and Somis, together with Moorpark and as much of the surrounding rural area as could be accommodated, while still maintaining a Latinx CVAP majority. The necessity of keeping the CVAP of this district above 50% is the reason why the Third District does not stretch all the way to the Los Angeles County line. Additionally, it should be noted that as constituted in the LBA map, many of District Three's residents share a community of interest around environmental issues related to water, including mutual water companies, well water and ground water. The County must face the problems relative to the disrepair of the infrastructure for many of our mutual water companies and also with respect to wells that are drying up. It makes sense for the County to approach this challenge in a holistic manner, together with the residents who are most impacted by these issues. Additionally, such an approach may enhance the potential of the County to compete for grant funding opportunities to address water issues.

². The two neighborhoods below Bard Road that remain as part of the Fifth District are Pleasant Valley Village, and Pleasant Valley Estates. The three neighborhoods above Bard Road that are assigned to the Third District are Diamond Bar, Lemonwood and Redwood. Two neighborhoods south of Pleasant Valley Road, Tierra Vista and Villa Capri, are assigned to the Third District, while the other neighborhood south of Pleasant Valley Road, Mar Vista, including Oxnard Pacific Mobile Estates, is assigned to the Fifth District.

4. District 2 unites the communities of Camarillo, Thousand Oaks and the Santa Rosa Valley. With the inclusion of Camarillo's population, District 2's population increased significantly. This increase in population necessitated changes to some of the existing boundaries of the Second District, in order to bring the population down to within the acceptable margin of 105% of the 169,078 ideal district population. At 177,220, the District population is still on the high side (104.8% of the ideal). Areas of the existing district that were moved to District 4 include Oak Park, Bell Canyon and North Ranch. Areas of the existing district that were moved to District 1 include Lake Sherwood, Westlake Village, Cal State University Channel Islands, and the Santa Monica Mountains.
5. District 4 includes the City of Simi Valley, as well as the unincorporated area west of Simi Valley, and the unincorporated areas east and south of Simi Valley to the Los Angeles County Line, including Santa Susana, Oak Park and Bell Canyon. The North Ranch portion of Thousand Oaks is also included in the Fourth District. At 177,413, the District 4 population is also on the high side (104.9% of the ideal).
6. District 1 is the most expansive district in terms of its geography and area covered. Yet, District One's population is the closest in size to the ideal district (169,078). Its population, at 166,786 (98.6% of the ideal), makes District 1 the most balanced district in the County. It covers all of Ventura and Saticoy and everything in between to Ojai and then all the way to the Kern County line and over to the northern border of Los Angeles County. District 1 covers the entire Coastline in Ventura County, as well as the Naval Base at Pt. Mugu, Cal State University Channel Islands, Lake Sherwood, Westlake Village, the Santa Monica Mountains and the unincorporated areas south of District 2 and east of District 3.

We believe that to the extent practical, the LBA map is consistent with the published criteria that the Board will rely on in drawing district lines, including the following:

- * All districts drawn in the LBA map are geographically contiguous, as can be seen on the map. District One also conforms with this requirement because there is a narrow strip of coastline along Port Hueneme that unites

the Oxnard beach community neighborhoods and Ventura with the Naval Base Ventura County and the southern section of the Ventura County Coastline.

- * The LBA map also respects the geographic integrity of local neighborhoods and communities in a manner that minimizes division. Oxnard's established neighborhoods were not divided, and all of the recognized unincorporated communities were kept whole.
- * The LBA map also respects the geographic integrity of eight of the County's ten cities and minimizes the division of the cities of Oxnard and Thousand Oaks to the extent feasible. We were able to meet the Supervisors' two stated objectives: 1) keeping the cities whole, as much as possible; and 2) forming two Latinx majority districts.
- * District boundary lines drawn in the LBA map are very geographically compact in the Second, Fourth and Fifth District. The First and Third Districts are much more expansive because they cover the bulk of the underpopulated rural and agricultural areas and the sparsely or unpopulated terrain in the mountainous areas of the County.
- * Most of the District boundaries follow natural or artificial barriers, either along jurisdictional borders or major roads and highways. The County staff might be able to do a better job than us in identifying and applying natural barriers between Districts One and Three in the rural or mountainous areas. However, we do caution staff to be careful in adding to or eliminating area from District 3, in that there is a very delicate balance that must be heeded in order to maintain the District at or above 50.1%.

Although not a stated criteria on the County's fact sheet posted on the web at <https://www.ventura.org/redistricting/>, there was considerable emphasis placed by the County's demographers on achieving districts with equal population based on the U.S. Census Data. This criteria is in fact one of the redistricting criteria established under the Fair Maps Act. We do recognize that based on where our Latinx population resides, it is impossible to meet the stated preference to have all districts completely balanced in size.

Letter to Chair Linda Parks, Ventura County Board of Supervisors
RE: BOARD OF SUPERVISORS REDISTRICTING PROCESS
October 24, 2021
Page 7

That said, all of the proposed districts under the LBA map are within the 5% deviation standard that is acceptable under the law. The populations of Districts 2 (177,413) and 4 (177,220), are within 105% of the ideal, i.e. 177,532; and the populations of Districts 3 (161,654) and 5 (161,721) are above 95% of the ideal, i.e. 160,624.

District 1's population (166,786) is 98.7% of the ideal population, i.e. 169,077.8. Thus, the Supervisors might wish to study the common boundaries between District 1 and District 2 and/or the common boundaries between District 1 and District 4 to determine whether these three districts can be balanced a little better.

We would not recommend that Districts 3 and 5 be tinkered with. Since District 5 shares no common boundary with District 2 or District 4 it is unable to incorporate any of the territory in those districts. With respect to District 3, it was extremely difficult to arrive at a CVAP Latino majority, while respecting the integrity of the established neighborhoods within the City of Oxnard and also keeping as many cities as possible whole.

We of course will make ourselves available to the County, its staff and Redistricting Partners to assist them in analyzing the LBA map. Please direct your questions regarding the map to Barbara Macri-Ortiz at (805) 486-9665 or b.macriortiz@verizon.net. She is ready to work with staff and the public to bring this process to a successful conclusion. We would also direct staff's attention to Oxnard's Interactive Map of its established neighborhoods. This map can be accessed on line at <https://www.oxnard.org/neighborhoods/>.

The issue before you is how to complete the County's redistricting process in a manner that is lawful and beneficial, while respecting the desires of the respective cities and communities of interest. As Barbara Macri-Ortiz stated at the hearing, the issue before you is how to do that in a way that protects the rights of the Latinx minority population. We believe that one of the comments made during the deliberations was that in order to create the two Latino majority districts, the Board was going to have to pick a "favorite" child. We believe that the LBA map does in fact relieve you of that burden, since all but two of the cities have been kept whole, and the proposed division of the other two cities, Oxnard and Thousand Oaks, was done carefully and with the intent of minimizing those divisions.

We know that change is difficult for anyone and everyone. This exercise is very hard for

Letter to Chair Linda Parks, Ventura County Board of Supervisors
RE: BOARD OF SUPERVISORS REDISTRICTING PROCESS
October 24, 2021
Page 8

each of you individually and collectively, as the Board of Supervisors. However, we are confident that you will provide the necessary leadership to bring this redistricting process to a successful conclusion. The true definition of Leadership is doing what is right, even when it is hard or inconvenient, and even when it may impact your own District or your own position. We trust that every one of you on the Board of Supervisors will rise to the occasion and truly exhibit the Leadership required to complete this monumental task because your decision will have ramifications for the next ten years.

Thank you for your leadership and your courage.

Sincerely,

Latinx Bar Association

Ventura County Board of Supervisors
800 S. Victoria Ave.
Ventura, CA 93009-0001

While you consider the maps for revising supervisorial districts, I request you consider the following two flaws in draft map #1:

1. The goal of compactness is violated. Proposed districts B and E both have tendrils extending west while C has a southern hook.
2. The community of Oak Park is included with the city of Simi Valley in proposed district D. There is no road connection between the two that does not go through the city of Thousand Oaks. Oak Park residents shop in Thousand Oaks to a much larger extent than they do in Simi Valley. The goal of respecting a community of interest is thus violated.

On the other hand, draft map #2 does not exhibit either of these two flaws. The districts are more compact than in map #1, and Oak Park is included in the same district as Thousand Oaks.

Thus, I request that you adopt draft map #2.

Sincerely,

David E. Ross

Re: County of Ventura District 1 – Maintaining Ojai and Ventura as Communities of Interest

To Ventura County Board of Supervisors:

The City of Ojai would like to resubmit this letter in support of retaining Ojai in District 1 and strongly urge the Board of Supervisors to consider maintaining both the City of Ojai and the City of Ventura in District 1. The Cities of Ojai and Ventura have a strong connection and community interests. Both are served by the Ventura River and its water supply and share State Highway 33. The Ojai Valley Trail is also connected to the Ventura River Trail which allows residents from both cities to bike from the Ventura to downtown Ojai. Public transportation also connects the cities and their residents.

At the County of Ventura Community Redistricting Meeting on August 31, 2021 you received public comment from Assemblymember and former District 1 Supervisor Steve Bennett. Assemblymember Bennett stated he feels strongly that Ojai and Ventura have a strong community of interest because both cities are connected by the Ventura River water source and Highway 33. The City of Ojai agrees with, and supports Assemblymember Bennett's statement.

The definition of a Community of Interest is a contiguous population that shares common social and economic interests that should be included within a single district for purposes of its effective and fair representation. The City of Ojai and Ventura meet this criteria, and should remain in District 1.

Thank you for your consideration of this important matter.

Sincerely,

RE: City Council Motion on Ventura County Redistricting Process

Dear Supervisor Long:

The purpose of this letter is to inform you that the Camarillo City Council voted unanimously at the City Council meeting of October 27, 2021, to take the following position on the County Supervisorial Map Redistricting process.

First, the City Council acknowledges the intent of the Board of Supervisors to establish two majority-minority supervisorial districts.

Second, the City Council strongly requests that the Board of Supervisors, to the greatest extent possible, respect the geographic integrity of the City of Camarillo and other cities in a manner which avoids or at least minimizes their division into multiple supervisorial districts; and

And finally, the Camarillo City Council urges the Board of Supervisors to adopt a map prepared by City staff, or a similar map, which strikes the greatest balance between providing two majority-minority districts, respecting the geographic boundaries of cities and providing for population proportionality.

City staff is continuing to work on draft maps that bring the County closer to the priorities established by the Board of Supervisors, while respecting city boundaries and the communities of interest within cities in Ventura County. The maps are forthcoming and will be submitted through the County's Redistricting website, with a copy to your office.

Sincerely,

Charlotte Craven
Mayor

October 18, 2021

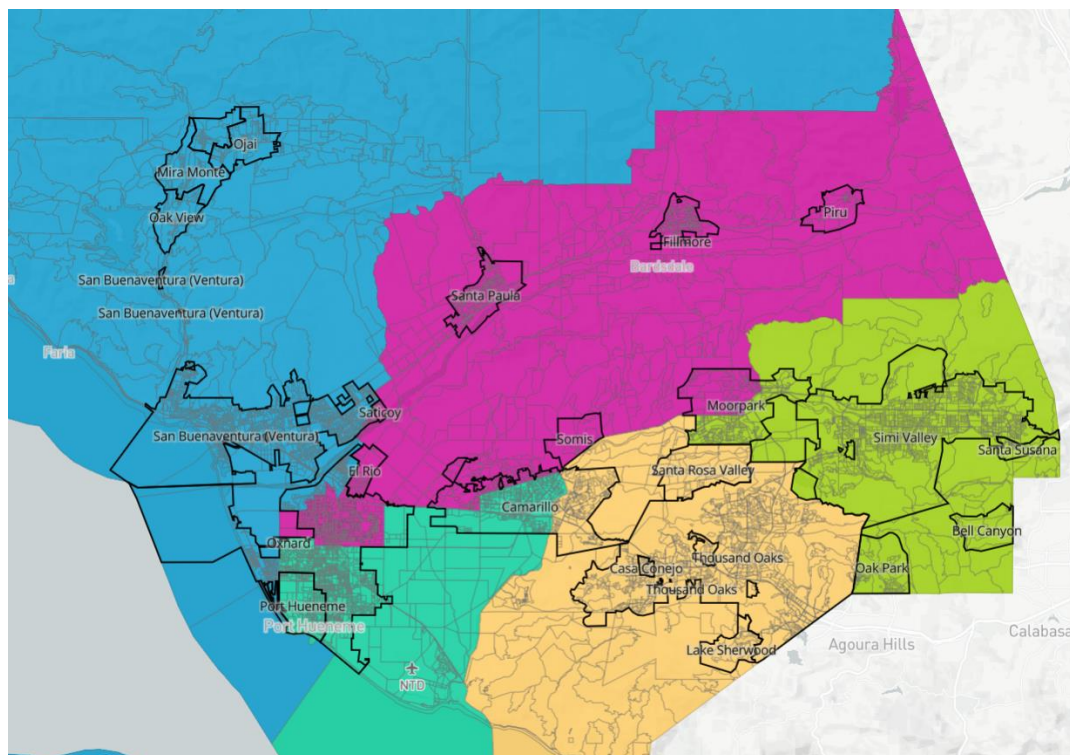

Dear Ventura County Supervisors,

Redistricting is a vital process to ensure fair representation, with decennial census requirements dating back to our nation's founding constitution, and laws to protect underrepresented communities marking some of the greatest achievements of the Civil Rights Movement. The majority of Ventura County's residents are Black, Indigenous, and People of Color (BIPOC) and fair redistricting is crucial for this diversity to be reflected in our political voice and representation. This year in particular will be a historic decision in Ventura County, due to the growing diversity of the county's population. After the 2020 Census, it is now possible to draw two majority Latino citizen voting age population (CVAP) districts for the county board of supervisors, triggering a new mandate under the federal Voting Rights Act, one of the landmark victories of the Civil Rights era.

Under Section 2 of the Voting Rights Act, if there is racially polarized voting in a jurisdiction, and if it is possible to draw a "majority-minority" district, it must be drawn, in order to allow the minority community to elect the candidate of their choice. An analysis of past election results clearly shows racially polarized voting in the 3rd district, where it is now possible to draw a district where Latino residents make up a majority of the eligible voter population, while continuing to maintain a Latino majority voter 5th district. The California Fair Maps Act reinforces this responsibility, clarifying that in an order of ranked criteria for drawing district maps, compliance with the Voting Rights Act must take priority over other factors.

However, these changes will not only result in better representation for Latino voters and other people of color. This is an opportunity to improve the compactness of our districts so that residents have closer access to their representatives, as well as keeping whole some neighborhoods that are currently divided.

CAUSE urges you to adopt the attached Community Map, drawn based on extensive stakeholder engagement with partners from throughout Ventura County to comply with the Voting Rights Act while best reflecting communities of interest known to local residents. The drafting process included 15 different community-based organizations in Ventura County representing broad interests and issues ranging from immigrant rights to education to workers' rights to environmental sustainability. The final Community Map was one of 7 draft maps considered by this stakeholder group over several meetings to reach consensus.

The Community Map's proposed 5th district would keep together the county's oldest historic Latino, immigrant, and farmworker communities like La Colonia, El Rio, Saticoy, Santa Paula, and downtown Moorpark as well as newer developments that have become home to our county's rapidly-growing Latino middle-class, such as North Oxnard. The communities in our 5th district have shared issues related to agriculture and farmworker rights and struggles shared by unincorporated and rural communities like groundwater well contamination and trucking along state highways like the 118. This is the historic heart of the citrus industry, with many communities built around old farm labor camps and packinghouses. This district would bring together the most historic sites of the farmworker movement and the heritage of the Chicano movement in Ventura County.

The Community's Map's proposed 3rd district would unite the industrial core of the coastal Oxnard Plain tied to the military and logistics industry. It includes both Naval Bases, the Port of Hueneme and its associated facilities, both airports, the new Amazon warehouse, along with heavy manufacturing like Procter and Gamble. It would connect the naval bases and industrial sections of Oxnard to the military housing and industrial areas of Camarillo. This district concentrates the county's largest employers and rapidly booming industries, but also community challenges with industrial pollution. Most of this district was built during the

postwar boom, and became increasingly racially diverse after the desegregation of housing in the Civil Rights Era. Now it is home to a predominantly immigrant population, with a higher share of first-generation immigrant families than any other part of the county. The coastal Oxnard Plain is the heart of the county's strawberry industry and was the historic home of the sugarbeet industry, and deals with unique environmental issues like saltwater intrusion into the agricultural groundwater supply and the restoration of the Ormond Beach Wetlands.

The Community Map's proposed 1st, 2nd, and 4th districts are intended to be slight variations of the existing districts adapted for population balancing with new census data and better alignment with communities of interest. The proposed 1st district continues to be based in Ventura and the Ojai Valley, with parts of Oxnard including the beach and harbor communities, golf course area, and Riverpark. These areas share coastal recreation, harbor redevelopment and environmental concerns, the heart of Ventura County's tourism and hospitality industry, and commercial shopping districts like downtown Ventura and the Collection. The proposed 2nd district continues to be based in the Conejo Valley, but is extended to Calleguas Creek, uniting areas connected through the Santa Rosa Valley and following the watershed. This district includes both universities, significant senior housing, and the county's highest concentration of college-educated professionals and knowledge economy high-tech industry, as well as conservation and open space concerns. The proposed 4th district would continue to connect Moorpark and Simi Valley, which are connected along the 118 and Metrolink corridor, as exurbs with many commuters into Los Angeles and middle-class homeowners with traditional values.

Thank you for the opportunity to comment and for your consideration and attention to community perspectives and voting rights considerations during this important redistricting process. We look forward to your deliberation. Please contact us if you have any questions or concerns.

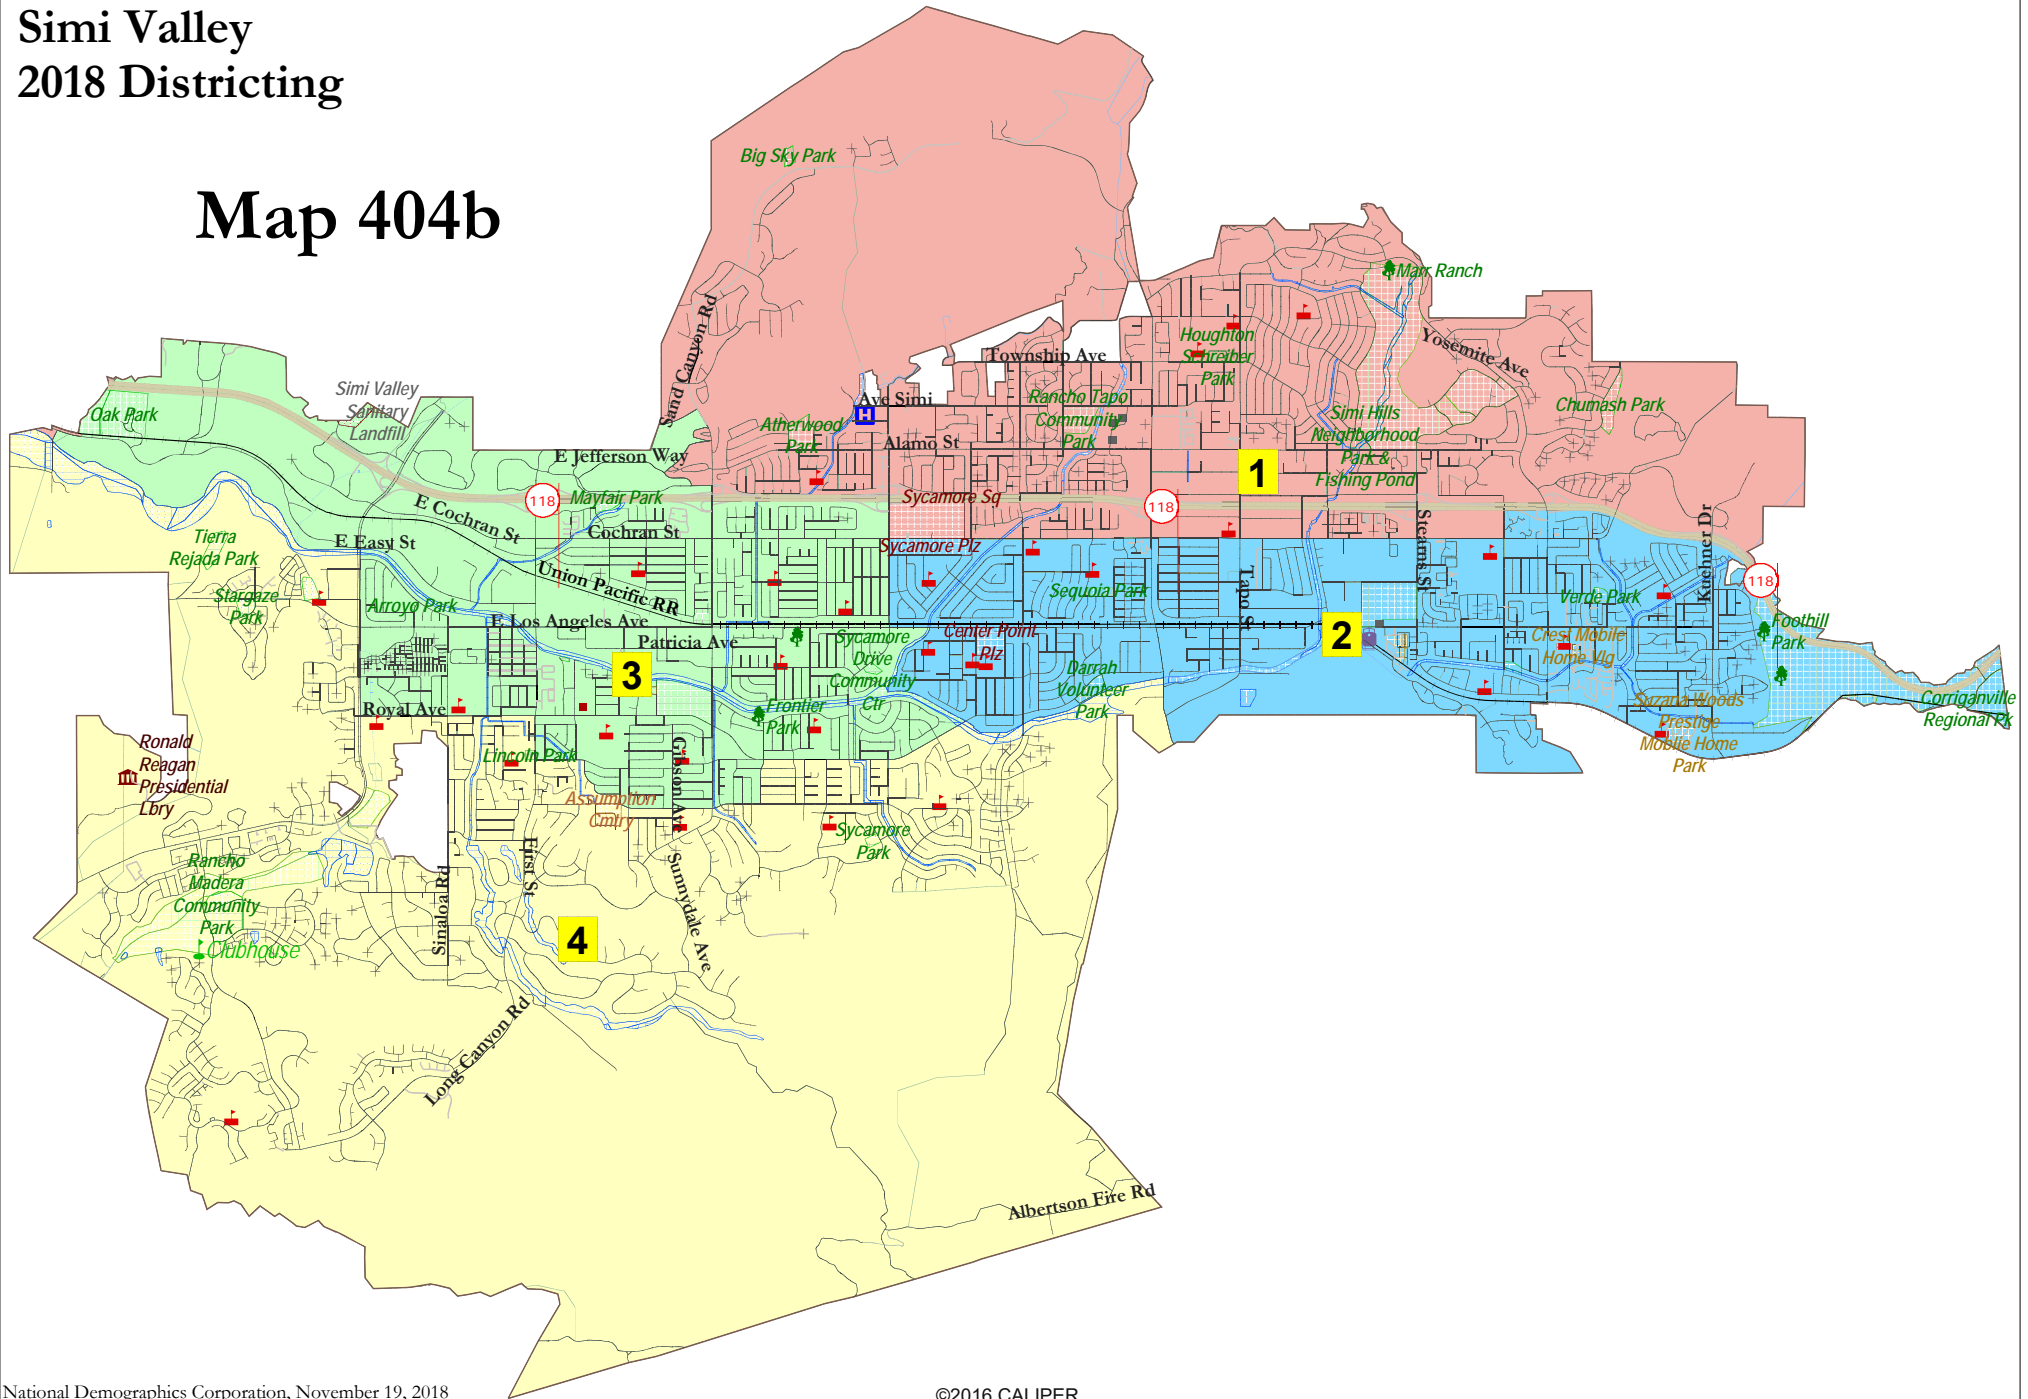

Sincerely,

A handwritten signature in black ink that reads 'Maricela Morales'.

Ventura, CA 93009

RE: County Redistricting

Dear Board of Supervisors:

On behalf of the Santa Paula City Council, I am writing to provide formal input on the Council's priorities related to the ongoing Ventura County supervisorial redistricting process. The City Council had an opportunity on October 20 to review those options discussed by the Board of Supervisors on October 19, and formed consensus on the comments expressed in this letter.

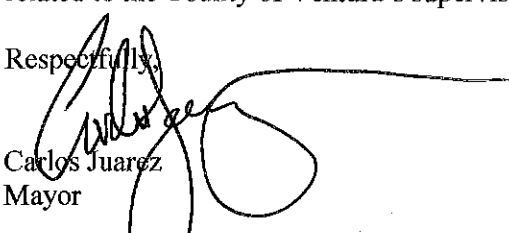

Having reviewed the four most recent draft maps, and with the understanding that changes are still being made by the County's redistricting partners, including three new options, we believe it necessary to convey our thoughts on the issue, as legislation that achieves "fair and proportionate representation on countywide" boards is a key priority identified in our Legislative Platform. Additionally, we understand that this issue goes beyond lines on a map; redistricting is an equity and justice issue that, in the past, has systemically disenfranchised Santa Paula and our neighboring Santa Clara River Valley communities.

Our priorities lie in ensuring that Santa Paula and the Santa Clara River Valley, including Fillmore and Piru, remain whole and together in the final map. In each of our cities, school districts must not be cut out, and neither should major industry headquarters that play leading roles in our towns, such as Limoneira in Santa Paula and the Santa Paula Hospital. Cities of our size should not be bifurcated, and lines should not be drawn based on incumbency. We are confident the County is following the Fair Map Act guidelines, and our aim is only to emphasize the importance of those guidelines as they relate to our community.

Furthermore, we cannot overstate the importance of listening to public testimony and consistently keeping communities of interest in mind as lines are drawn. One shared characteristic between Santa Paula, Fillmore, Piru, and even regions such as Somis and North Oxnard is the huge role that agriculture plays in our economies. These communities, largely rural compared to others in the County, should be kept together in the final map because of the shared interests we have. We believe it is possible to achieve this while adhering to the Fair Map Act guidelines.

We respectfully submit this letter as formal notice of the City of Santa Paula City Council's priorities related to the County of Ventura's supervisorial redistricting process.

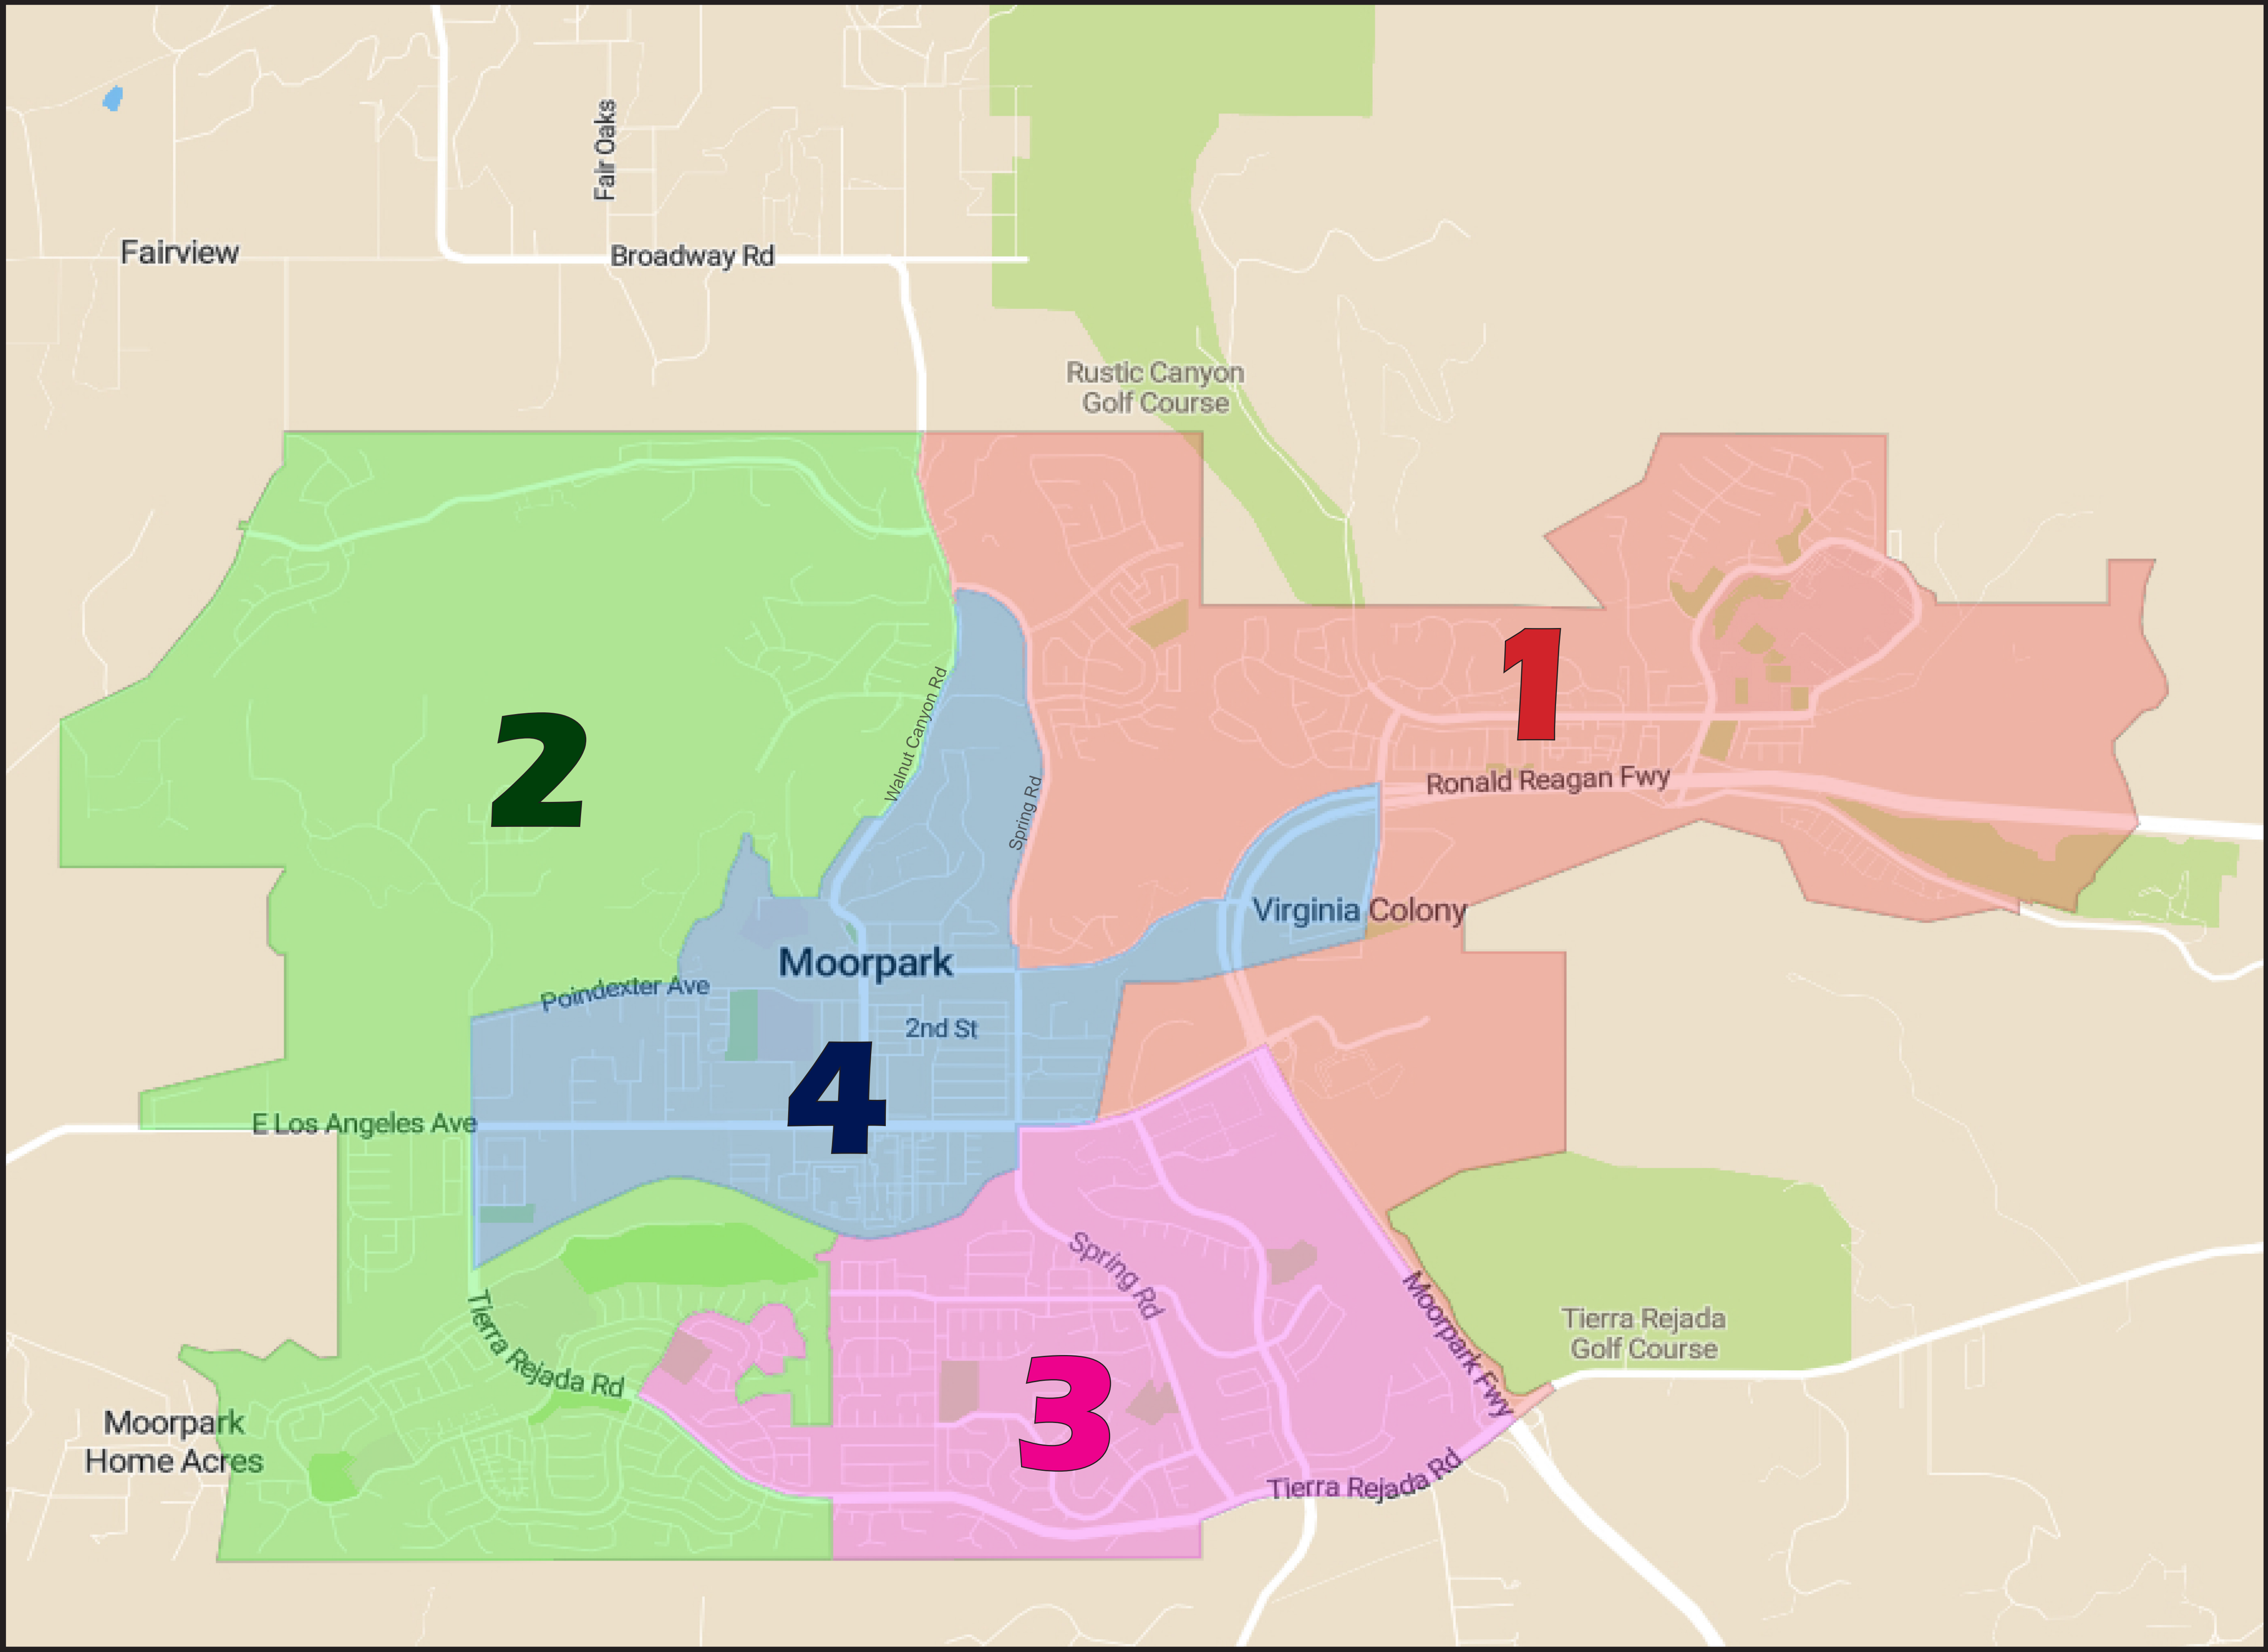

Respectfully,

Carlos Juarez
Mayor

Ventura, CA 93009-1940

RE: OPPOSITION TO DRAFT REDISTRICTING MAPS THAT SPLIT MOORPARK INTO MULTIPLE SUPERVISORIAL DISTRICTS

Honorable Board of Supervisors:

Thank you for the opportunity to provide comments as you go through the redistricting process following the 2020 Census. **The City of Moorpark opposes any redistricting map that splits Moorpark into separate districts.** This includes City opposition to Maps 1A, the "Community Plan," and the "LULAC MALDEF Plan" published on November 3.

Moorpark is the sixth-largest city among Ventura County's ten incorporated cities, with roughly half the population of fifth-place Camarillo. Bisecting Moorpark across two districts would further diminish and erode the ability for Moorpark residents and businesses to be represented in countywide policy development because Moorpark would represent only a very small portion of any individual Supervisor's constituency.

On September 1, before any maps were created, the City of Moorpark provided two comments to the Board of Supervisors as it engaged in its redistricting process:

Comment 1: Moorpark Should Be Entirely Located in One District.

Comment 2: Moorpark Should Be Located in a Southeast-County District.

These comments were provided to demonstrate to the Board of Supervisors that Moorpark itself is a community of interest that should not be split. In support of this stipulation, the Board included the importance of not splitting cities as part of its direction to the County staff and its mapping consultant at its October 16 public hearing on redistricting. It was understood that, mathematically, larger communities would likely be split into at least two districts because they are more populous.

Three of the five maps published ahead of the Board's November 9 public hearing on redistricting split Moorpark and other cities:

Map 1A	Splits Moorpark (two districts) Splits Thousand Oaks (three districts) Splits Oxnard (three districts) Splits Port Hueneme (two districts)
Community Plan	Splits Moorpark (two districts) Splits Camarillo (three districts) Splits Oxnard (three districts) Splits Ventura (two districts)
LULAC MALDEF Plan	Splits Moorpark (two districts) Splits Thousand Oaks (two districts) Splits Camarillo (three districts) Splits Oxnard (three districts)

In contrast, Map 2A would split only Camarillo and Oxnard. Map 66742, with a minor correction to what appears to be a minor mapping error on the western edge of Santa Paula, would also only split Camarillo and Oxnard. Both of those maps also have two majority-minority districts as previously prioritized and directed by the Board of Supervisors, and even two majority-Latino districts as measured by population and by voting age population.

Fortunately, the Board of Supervisors has for its consideration two other map proposals that **achieve the Board's top priority of creating two majority-minority districts while splitting only two cities, rather than splitting four cities, into multiple districts.** The City of Moorpark encourages the Board to adopt a new district map that does not split Moorpark.

I appreciate your consideration.

Respectfully,

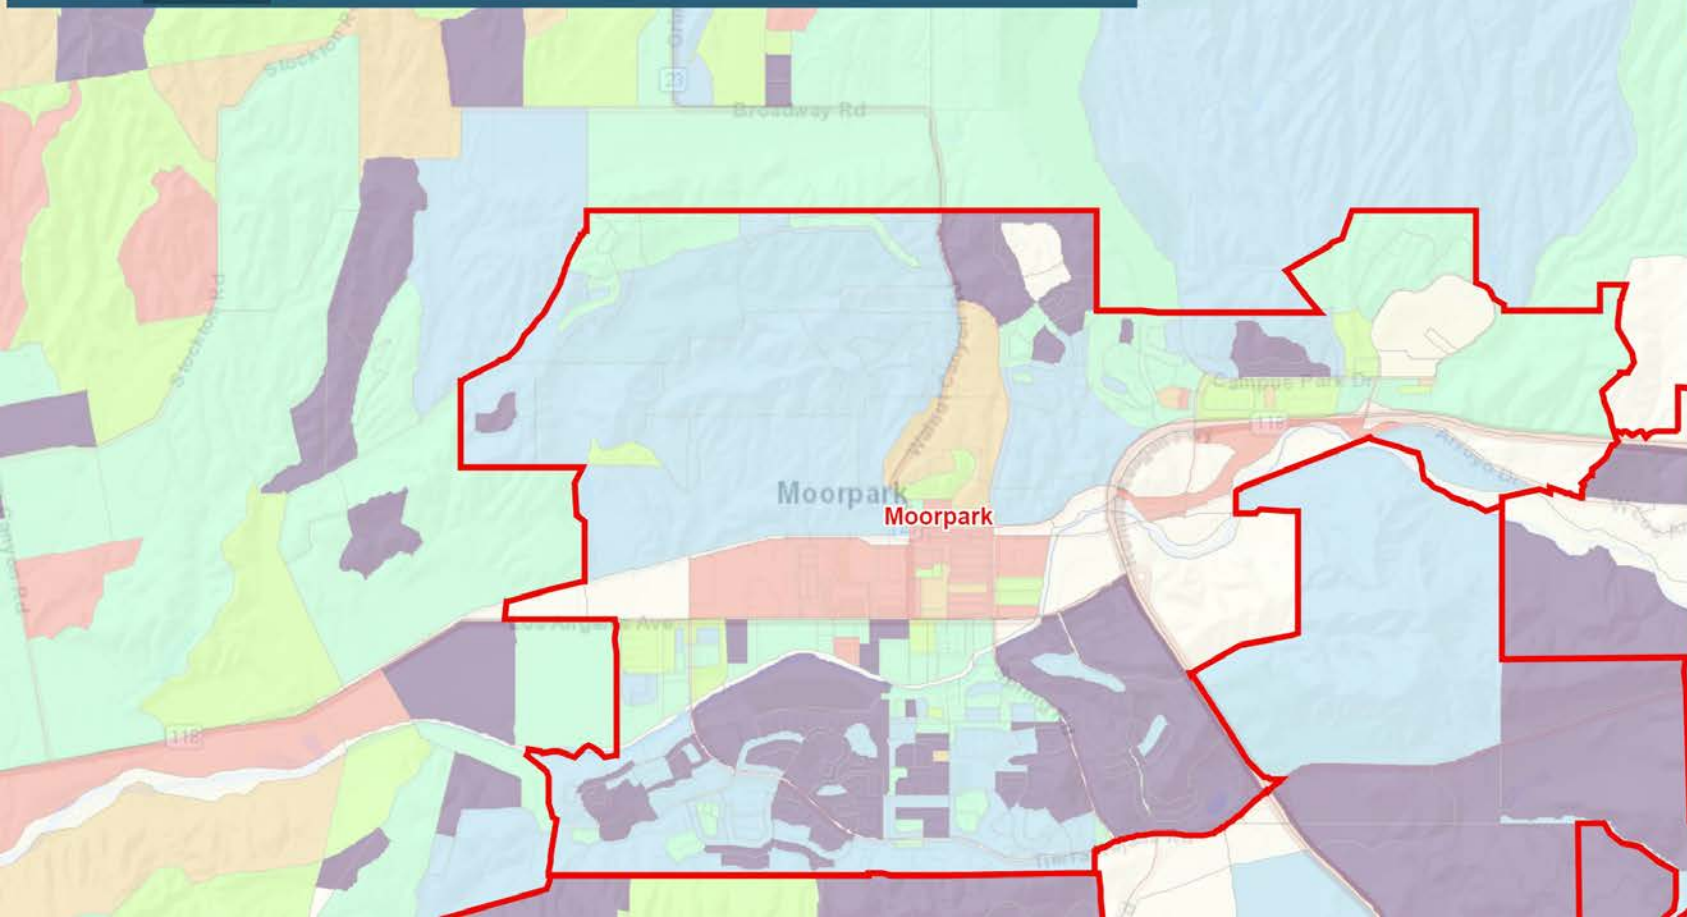

Troy Brown
City Manager

Janice Smets

November 3, 2021

Chair Linda Parks
Ventura County Board of Supervisors
800 S. Victoria Avenue
Ventura, California 93003

Dear Chair Parks and Board:

As your Board considers redistricting options for Ventura County, the Oak Park Municipal Advisory Council (MAC) strongly recommends that our community remain in its entirety within the same Supervisorial District as the City of Thousand Oaks. Oak Park is the largest unincorporated community in Ventura County. The Oak Park MAC is an elected body that represents approximately 14,000 Oak Park residents and we work very closely and extensively with the District 2 Supervisor to meet our community's needs.

Oak Park is a community of like needs, economics, areas of interest and shared services as our adjoining neighbor, the City of Thousand Oaks. We share transportation connectivity, municipal services and infrastructure, police services, and community values.

Oak Park is situated in the Conejo Valley and is contiguous to the City of Thousand Oaks sharing a common border along Lindero Canyon Road and Kanan Road. There is an economic similarity between Oak Park and neighboring Thousand Oaks and North Ranch, and we share the same open space and tree preservation values. Students from Oak Park Unified and Conejo Valley Unified School Districts participate in events, activities, and sports together.

Our MAC was made aware of the possibility of moving Oak Park out of District 2 and into District 4 with Simi Valley. However, we feel that would not be a good fit for our community. Simi Valley is topographically distinct and geographically distant from Oak Park with no shared roads. Oak Park is a part of the greater 101 corridor community and part of the Conejo Valley that stretches from Agoura Hills through Westlake Village and Thousand Oaks to the Conejo Grade. In comparison, Simi Valley is about a half hour away from Oak Park. We share no mutual police, utility, or transportation services with Simi Valley as we do with neighboring Thousand Oaks. Oak Park residents utilize the shopping centers and restaurants available in nearby Thousand Oaks and contribute to each other's economy to a much greater extent than in Simi Valley. Additionally, the MAC oversees the budget for County Service Area (CSA) No. 4, which includes contracting with the City of Thousand Oaks Police Department for Volunteers in Policing services in Oak Park. Simi Valley maintains a separate city police force that has no jurisdiction in Oak Park.

Oak Park has enjoyed a long history of being aligned with Thousand Oaks, and the MAC has successfully been administered by the nearby District 2 Supervisor since our MAC was founded in 1975. The District 2 Supervisor office administers several MACs and is familiar with the intricacies and interests of MACs, whereas there are no MACs in District 4.

On October 28, 2021, the Oak Park MAC voted in favor of sending this recommendation to your Board respectfully asking that as you work toward drawing new Supervisorial districts for Ventura County, you allow the Oak Park community to remain with our sister jurisdiction, Thousand Oaks.

Cordially,

Jane Nye, Chair
Oak Park Municipal Advisory Council

DESCRIPTION

Please use this map to draw your community of interest. It is important to know about communities so that the new supervisorial district lines can amplify the voices of residents.

Examples of communities can include cities, towns or neighborhoods, areas where many residents speak the same language, work in the same industry, or where the residents use the same county facilities.

To start, please include a name for your community, your name and email address, and a description of your community. Then draw your community on the map.

Re: Redistricting of the Board of Supervisors District Map

Dear Mr. Powers:

In your letter dated November 2, 2021, you requested that cities in Ventura County provide details of communities and neighborhoods of interest to help inform possible supervisorial district boundaries.

The City of Oxnard has a total of 47 designated neighborhoods. A map of these neighborhoods can be viewed online at <https://www.oxnard.org/wp-content/uploads/2017/01/Neighborhoods-2030GP-12.02.20-1.pdf>, while a detailed interactive neighborhood map can be viewed at <https://www.oxnard.org/neighborhoods>. The 47 neighborhoods represent communities and neighborhoods of interest within the City of Oxnard that should be taken into account by the Board of Supervisors in their consideration of the revised supervisorial map.

Finally, I wanted to reiterate four principles unanimously approved by the Oxnard City Council on September 30, 2021 that the City Council wishes to see incorporated into the supervisorial map that is approved by the Board of Supervisors on or before December 15, 2021:

1. The inhabited areas of Oxnard are consolidated into no more than two supervisorial districts.
2. Established neighborhoods in Oxnard are not divided into two or more supervisorial districts.
3. Other cities in Ventura County are not divided into more than one supervisorial district.
4. The new map creates supervisorial district boundaries that are easily identifiable and understandable by residents.

Michael Powers, Chief Executive Officer
Re: Redistricting of the Board of Supervisors District Map
Page 2

Thank you for consideration of the communities and neighborhoods of interest, as well as the four important principles that should be considered as part of the supervisorial redistricting process.

Very truly yours,

Alexander Nguyen
City Manager

Community Input Form

Tell us About Your Community

1. What are the common interests in your community? Describe why they are important to you. They say its good to build a better future for our children. next to that they should add. help build a better future for our city

2. Where is your community? What are the cross streets and/or landmarks in your neighborhood? (For example, intersections, roads, rivers, etc.) I'm all over the place, to some considered transient. If I were to say my home is Ventura riverhaven and satcoy.

3. Why is it important for your community to be included in the County of Ventura Board of Supervisors redistricting process? Please describe how the issues that the Board of Supervisors considers have an impact on your community.

One thing that catches my attention is the signs they put out for public notice of property. only if there was a way to bring it to the attention to those who have the drive to make the real change to stop the development

4. What else would you like to tell us about your community?

I believe that the Community input form should be well distributed around Ventura

Counties in all forms of local state and Federal Government

Providing the following information is optional. If you provide an email address, we will send you updates on the process.

November 4, 2021

Honorable Supervisor Kelly Long
Supervisor, 3rd District
800 S. Victoria Avenue L# 1880
Ventura, CA 93009

RE: Two Map Options from City of Camarillo for Consideration by Ventura County Board of Supervisors for County Supervisorial Map Redistricting Process

Dear Supervisor Long:

The Camarillo City Council acknowledges the intent of the Board of Supervisors to establish two majority-minority supervisorial districts, but we strongly encourage the Board to respect the geographic integrity of the City of Camarillo and other cities in a manner which avoids or at least minimizes their division into multiple supervisorial districts. The City has prepared two options for consideration by the Board of Supervisors; one of which keeps Camarillo intact; and another which divides Camarillo into only two districts while preserving the geographic boundaries of most of the other municipalities in Ventura County.

Attached please find a copy of the maps that the City formally submitted through the County's Redistricting website. We feel that both of these maps are legitimate options and urge the Board to review, discuss, and seriously consider them in the Supervisorial Map Redistricting Process.

Camarillo Map 1 (<https://districtr.org/plan/75044>)

Beginning with a map submitted to the Camarillo City Council from Barbara Macri-Ortiz, the City adjusted some of the proposed district lines to better align with the criteria of the Fair Maps Act. This option keeps Camarillo whole, creates two Majority-Minority Districts per Citizen Voting Age Population by Race (50.2% and 63.9% Hispanic), and presents a population deviation of 9.49%.

Camarillo Map 2 (<https://districtr.org/plan/75063>)

Beginning with the map submitted by Supervisor Long, the City adjusted some of the proposed district lines to only divide Camarillo into two districts, not three. This option divides Camarillo along Calleguas Creek and Lewis Road, creates two Majority-Minority Districts per Citizen Voting Age Population by Race (50.5% and 59.1% Hispanic), and presents a population deviation of 7.9%.

The City's desire it to remain in one Supervisorial District. However, if the Board of Supervisors does move forward with a map to divide Camarillo, we urge the Board to divide Camarillo into no more than two districts in a way that keeps our communities of interest intact to the greatest extent feasible.

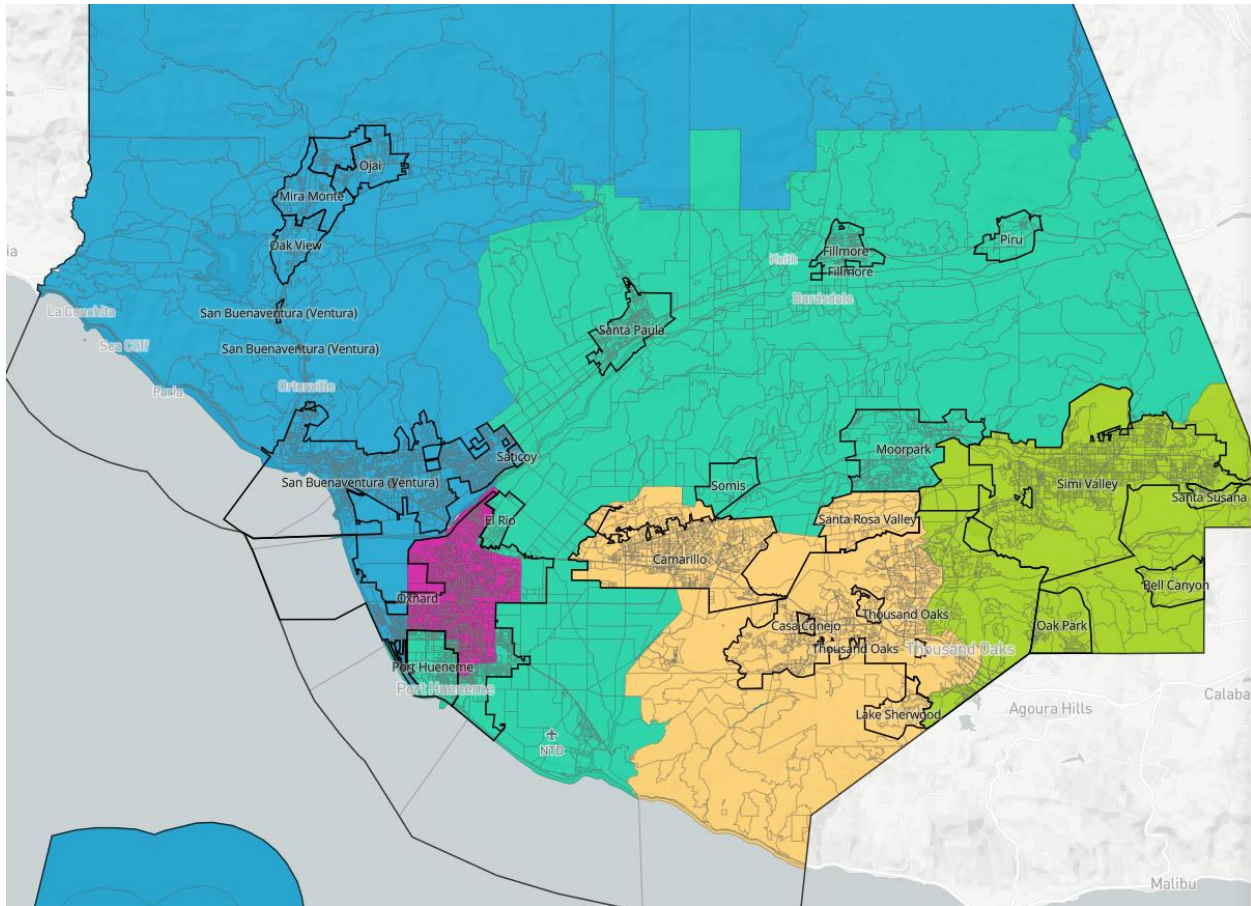

Sincerely,

Charlotte Craven
Mayor

To whom this may concern,

As a resident of Ventura county, namely Moorpark, in regards to the proposed draft supervisorial district maps, I support the 4th proposal and strongly oppose the 1st proposal. The 1st proposal splits Moorpark in half and this is just not the right way to go about this districting. Cities should remain together in one district as much as possible. That is why I support the 4th proposal and think that one is the one that should be chosen moving forward. Sincerely from Moorpark,
Armando A.

From: [Chad Penrod](#)
To: [Redistricting](#)
Subject: Keep Moorpark Together
Date: Monday, October 18, 2021 1:23:40 PM

As a long time resident of the City of Moorpark, the new proposed redistricting does not make sense splitting Moorpark into two separate districts going against recommended State Law stating cities should remain in the same district and not be split. Moorpark should remain in the Southeast County District and be under the representation of one Board of Supervisor. Changing the district lines would not represent the best interest in the City of Moorpark to continue as a thriving city under one representative.

Additionally, a geological barrier remains between Moorpark and the City of Fillmore and Santa Paula from the Grimes Canyon pass hillsides and Fillmore and Santa Paula are primarily AG industry driven. Moorpark is more closely located to the City of Simi Valley and Thousand with similar retail and office driven industries. They also have in place a transit system with Simi Valley being less than a mile from the City of Simi Valley along Easy Street.

I'm optimistic that the Board of Supervisor will keep Moorpark in the Southeast County District and do what is right and to keep them whole.

Respectfully,
Chad Penrod
Moorpark Resident

Subject: Keep Moorpark Together
Date: Monday, October 18, 2021 11:15:11 AM

To whom it may concern:

This email is being sent to strongly urge AGAINST separating Moorpark into 2 entities. Moorpark should entirely be with one district. Moorpark is established well at this point in time and growth will continue. I choose Moorpark to call my "Home town" for the past 7 years ago for the sole purpose of moving into the Moorpark Unified School District. I am a lifelong Ventura County Resident and Moorpark was my "choice" location to raise my children due to the uniqueness and vision of the City. If it was separated I likely will move out of Moorpark.

Thank you for your consideration.

Sincerely,

Larissa Weston

Comments:

After further studying of the proposed maps I believe map 4 would be better. Camarillo needs to stay intact so plans 1 and 2 are no. 3 and 4 are very similar and was hard to tell.

I talked with others that have more insight and Oxnard is so densely populated compared to Hueneme. Oxnard has separate issues and I can't see benefits of Hueneme and Thousand Oaks being represented by the same person.

Currently I am a Camarillo resident. But I did grow up in Oxnard as close to Hueneme as you can get while still being in Oxnard.

Thank you for your consideration

My family chooses Plan 4. It is the only one that keeps Port Hueneme out of Oxnard. We in Port Hueneme have been at odds with Oxnard for too long over them not keeping up their streets, medians, buildings, businesses, and more. They do not spend their money wisely or make proper decisions.

To whom it may concern,
Moorpark should be kept as it's own district. It would be detrimental to students and their families to be divided. These kids have been through too much already over the past couple years. Division in our community is not acceptable.

Do whom it may concern,

Please vote no on breaking Moorpark into two districts. Moorpark is a very close knit community and has its own unique culture. We need to remain as one!!! There is no advantage to Moorpark residents in the proposal to split us into 2. It's to rebalance other district but does not benefit us. What Moorpark will lose is our identity and our unity. I've lived in Ventura County all my life and chose to move to moorpark 11 years ago because of the small community feel. Please do not take this away from us! Moorpark is one!!!

Thank you,
Tina Hinanay
Moorpark Resident

Subject: Redistricting - Oppose Splitting Moorpark into Two Districts
Date: Monday, October 18, 2021 1:22:36 PM

Hello:

I am writing to provide feedback regarding one of the redistricting plans that splits Moorpark into two different districts. Moorpark is a smaller town which is distinctly separate from neighboring communities. The city should be treated as a whole and not splintered into two different districts. Doing so would diminish the voice of the community and cause it be underrepresented in two districts.

I would ask that you please keep all of Moorpark in the same district. Moorpark needs one voice. Please don't allow Moorpark's voice to be diminished by splitting it into two districts.

Thank you.

Terry Meredith

Good morning! Having lived, worked, and raised a family throughout Ventura County and having lived in both coastal and North Oxnard, Camarillo, Moorpark, Newbury Park, and Thousand Oaks for 40 years, I divided the districts based on community need and population in order to ensure equity, equality, and that each communities concerns are similar, based on the area in which they live. Unfortunately the Santa Paula/Fillmore area was harder to incorporate due to how unique the community is, but with a few adjustments, it is definitely beneficial for all. Supervisor Parks has represented the values of our district with her slow growth agenda. Thousand Oaks is facing a crisis as the city is proposing building tens of thousands of homes yet our infrastructure cannot manage that and our watershed can support approx 140k and we are currently just over 126k. With the proposed construction, the entire community will be in jeopardy and we need local areas such as Newbury Park, Westlake, and portions of Bell Canyon to aid in this fight. Our environment is in jeopardy as wildlife are entering our neighborhoods at rates never seen and this is due to the lack of water and our continuing encroachment. Allowing the tens of thousands of new residences to be built will worsen this issue, aid in overcrowding, and as mentioned, will harm the environment, strain our infrastructure and water supply.

Thank you for taking the time to read my long email.

Sorry for being late.

Best,

Suzanne Grace

Dear Board of Supervisors,

This email is to ask that you please keep the City of Moorpark together in one district. I encourage you to vote for an option that allows Moorpark to be entirely located in one district.

Moorpark Resident, Angela Rowley

From: [Alisha Ard](#)
To: [Redistricting](#)
Subject: Reject all the drafts.
Date: Monday, October 18, 2021 11:46:27 AM

You do realize that in every draft you are giving a Thousand Oaks district (B) the largest share of voters and Oxnard (E) always gets the smallest, right?

Isn't this obvious discrimination? How are you even considering doing this at all let alone having it be a feature in all four drafts?

Thousand Oaks is a NIMBY enclave that forces many young families and kids to live in Oxnard because they block as much growth and affordable housing as possible. And because young families are forced, due to cost, to live in Oxnard, they may have a smaller percent of voting aged population in their city than Thousand Oaks.

But there **MUST** be a scenario where you aren't just automatically handing the majority of votes to Thousand Oaks. Oxnard is the most populous city in the county. They should **NOT** be the smallest voice on the Board of Supervisors.

I feel like some very obvious favoritism is evident in these drafts.

Sincerely, a disgruntled county resident

To Whom it may Concern,

Moorpark is a very close knit community. We need ONE Supervisor to represent us, as our needs are sometimes very unique to us and us alone. We are small and we believe splitting us in two will greatly diminish our voice for concerns within Ventura County. It's not as if you'd be dividing a large city of over 100,000 citizens. This would further silence our voices; and eliminate real attention from this county.

Best regards,
Robin Hodge

Dear VC Supervisors,

I am a Moorpark resident and strongly believe in keeping Moorpark city intact in one district. Moorpark year after year has been rated one of the safest cities in California, this would not remain if the city is split up. There are so many wonderful things about this city that would be lost if it is split up.

Please keep Moorpark on the map entirely in 1 one district.

Thank you,
Allison Miller

Subject: redistricting
Date: Monday, October 18, 2021 5:42:46 PM

Good evening,

It has come to my attention that Ventura County is redistricting following the 2020 census. I have reviewed the 4 proposed maps and while none of them seem ideal, I am particularly concerned about option 1. In this option, Moorpark is unnecessarily split down the middle. This will have a negative impact on this small town. Splitting larger cities is not comparable as they have enough population to continue to pull weight in both districts. Moorpark does not. I ask that during the vote y'all keep in mind that Moorpark deserves to be in one district so the city and its citizens have as much weight in decisions made within their district as possible.

Thank you for taking the time to read what I am sure will be a lot of emails regarding this issue.

Best,

Erin Dimberg
Moorpark resident

From: [Catherine Allen](#)
To: [Redistricting](#)
Subject: Redistricting: please keep Moorpark one district
Date: Monday, October 18, 2021 4:39:41 PM

I ask as a voting member of Ventura county to please keep Moorpark one district distinct from other communities. We desperately need to keep west and east moorpark connected. The schools system would be fractured. The public transportation would be fractured and our needs as a community would be drowned out by the needs of the cities absorbing us. I moved to this town to be part of a small community with one voice, you would not only taking that voice away but dividing us among conflicting interested parties.

Please vote to keep Moorpark and stand alone and separate district.

Should you vote to divide us, I would ask for you to publish the advantages of dividing a community like you are proposing.

Thank you,
Catherine Allen
Moorpark resident since 2002

Date: Monday, October 18, 2021 7:39:14 PM

Dear Board of Supervisors,

I would like to share my comments regarding the redistricting process.

I strongly believe that Moorpark should be **entirely located in one district, represented in its entirety by one supervisor.**

Moorpark should be **located in a southeast county district.**

Moorpark is much more closely tied to the cities of Simi Valley and Thousand Oaks than to the western parts of the Conejo Valley. We work, shop and eat in the cities of Thousand Oaks, Simi Valley and Westlake Village. Map 1 would present major challenges to Moorpark residents. As outlined in a letter dated October 13 from the city of Moorpark, there are many reasons why it would be a better choice to select from maps 2, 3, or 4.

Thank you for your fair consideration of the future of Moorpark over the next 10 year period.

Subject: Keep Moorpark TOGETHER!!
Date: Monday, October 18, 2021 7:13:13 PM

Dear Board of Supervisors,

Please keep the City of Moorpark together in one district by voting NO on Draft Map #1. Moorpark should be entirely located in one district. As a 30 year resident of Moorpark, I cannot even begin to imagine that our city could be split into two districts. That would be so devastatingly divisive for our tight-knit community. I urge you to please remove Draft Map #1 from consideration.

Thank you,
Denise Horton

Please do not divide Moorpark. Keep us together as one city.

It feels a bit like gerrymandering to me to combine half of Moorpark (around the college) with the wealthier communities of Oak Park and Westlake and Moorpark (around the high school) with Oxnard and Fillmore.

Keep Moorpark together!

Hello.

My name is Brittney Russell. I'm a mom to 3 young children here in moorpark. I have lived here my whole life. I moved away for a bit and decided to move back to create a family because moorpark is absolutely wonderful. Moorpark is where my mom raised us. Where she would take us to country days each year, where she would take us to Ralph's and get fee cookies from the bakery. Moorpark is the town I count on to hear memories of my mom since her passing. Moorpark is more than just a small town to all of us. Moorpark is a secure place where we feel safe. I'm begging y'all to please not make it separated. It will just cause more unessacary drama that this town does not need. We have so much more going on in this world. Thank you in advance.

Brittney Russell

Spam.Manager@ventura.org

Dear Board of Supervisors,

I'm unsure why there is a proposal on the agenda to cut the city of Moorpark lines. Unless of course for political purposes, including other money grabs and gains by politicians that do not benefit the residents of Moorpark. We have all heard many excuses from politicians as to why these decisions are in the best interest of the community regardless of the truth. Changing lines is not only unnecessary but silly. As we watch other counties corrupt boards make moves that are not beneficial for their counties, I am shocked to see this proposal by ours. I encourage you to keep the lines as they belong and focus on the other many problems our county currently faces; i.e. cost of living for all families, vaccine mandates that violate our HIPAA laws and Constitutional Rights, making sure our Fire Departments, Hospitals, and Police have adequate staffing and money to serve our communities.

Working to make this a great and affordable place to live, and ensure the schools and school boards in our county are working with parents to teach appropriate curriculum. These are just a few issues that come to my mind.

I would like to see who is voting for what measures to divide our county/cities and would like to find where this information is available. Many of us who are interested in the next election process would like this information to change the Board of Supervisors for Ventura County if the Board goes against the community that elected them. We all want community elected officials that make decisions based on the communities interest and not the Boards politics.

Dear Board of Supervisors:

I am writing as a Moorpark resident for 10 years in support of the letter from our city manager Troy Brown. We need to ensure decisions can be made at our level.

I am in agreement on the two critical points

1. Moorpark Should Be Entirely Located in One District

As enshrined in state law, "Cities should be kept together where possible." Moorpark has historically benefitted from having a single point of contact on the Board of Supervisors who carries the weight of all Moorpark residents. This is preferable to being split into smaller portions of multiple districts.

2. Moorpark Should Be Located in a Southeast-County District Due to the proximity, physical geography, and freeway system in Ventura County, Moorpark has closer ties to the southeastern Ventura County cities of Simi Valley and Thousand Oaks than it does to other communities in western Ventura County (such as Camarillo) and in the Heritage Valley (such as Santa Paula and Fillmore).

Ventura County Board of Supervisors,

With respect to the redistricting within Ventura County that is currently under consideration at your upcoming meeting on October 19, 2021, I respectfully request that you select a map that will keep the City of Moorpark together so that it is represented by one County Supervisor.

Moorpark is a unique and close knit community that works to support the entire population. To separate our City under the proposed Draft Map 1 would only serve to divide and diminish our voice at the County level. I urge you to ***Keep Moorpark Together!***

Thank you for your time and consideration,

Nina Mazur

Hello,

As a 16 year Moorpark resident and a lifetime Ventura County resident (45 years) i am very concerned that there is consideration to split Moorpark into 2 different districts. Moorpark is a small town with unique needs and needs one representative in order to have our voices heard. This is critically important to allow for proper representation of the people's needs. Moorpark also must stay w/in the South Eastern as it has much more interaction with this area and shares more similarities. In summary:

- Moorpark should be entirely located in one district.
- Moorpark should be located in a southeast-County district.

Thank you,

Jennifer Niles

Keep One Moorpark!!!!

Absolutely ridiculous to divide Moorpark!

I've lived here 34 years, it's prefect the way it is!

And by the way, why weren't Moorpark residents notified of this awhile ago, why I'm I just hearing about it the day before

Shame on you!

Hello. I am writing to share my concern of Moorpark being split into two districts. A single city, especially one of such small population needs to remain under the same supervisor. Splitting Moorpark into two further diminishes our small town's impact. As a life long resident and accounting director for multiple small businesses in Moorpark I have insight in multiple areas as to why this would be a bad decision. The district line needs to be drawn on city borders, not cutting the city in half. Moorpark is a tight community and shouldn't be forced to split. Thank you for your time.

Dear Board of Supervisors

As you vote tomorrow on redistricting, please keep the City of Moorpark together in one district. This is a small city that works hard to make this city flourish. Moorpark will be diminished if broken in half, being under 2 different Supervisor districts.

Three out of four redistricting maps keep Moorpark together. Please do keep us together.

Thank you.

Roberta

Hello,

I am a longtime Moorpark resident with multiple children in the district. I'm unsure why there was not greater transparency as to the possible division of the city into two separate districts. However, I feel that is in our city's best interest to keep our schools in one district. I understand the district boundaries may change and Moorpark may be incorporated into a new district, but I feel it will be detrimental to this town we love and support with our tax dollars to have the residents voices and influence diminished by carving up our school district. Please keep Moorpark schools United in one district.

Thank you

Moorpark is a family community that shares many things, including being proud to be in Ventura County. Map 1 will destroy our sense of community and of participating in Ventura County. Please do not separate Moorpark.

Sincerely yours,
Faye Berriman

I believe the city of Moorpark should be kept together as a single district entity. Do not divide a city- that will only hurt city growth, decision making, and, in turn, hurt the residents. Thank you for hearing my concerns.

Kelly Marian

From: [Sharon Roth](#)
To: [Redistricting](#)
Subject: MOORPARK SHOULD REMAIN AS ONE DISTRICT
Date: Tuesday, October 19, 2021 6:58:47 AM

Good morning,

It has come to my attention that there is a vote today to redistrict. This vote would be in violation of the 1965 voting rights act as the new district lines would be drawn specifically to increase one populations influence.

As a citizen of MOORPARK, all proposals put forth would split my city into two voting districts, thereby decreasing my city's influence.

MOORPARK SHOULD REMAIN AS ONE DISTRICT.

Sincerely,
Sharon Roth

As a forty-two year resident of Moorpark, I strongly urge the Board of Supervisors to keep the district as is to support ONE Moorpark.

My family is entrenched in this town after being raised here. Our son is a teacher and head football coach at Moorpark High, another son is a Lieutenant for the VCCCD police department (Moorpark College), and our daughter and her husband, both MHS grads, raised their three girls here. My eight grandchildren have attended or are attending Moorpark schools.

Please keep Moorpark in one district.

Hello,

I understand that redistricting includes a map that will split Moorpark into two supervisory districts.

This is certainly not an option that would benefit Moorpark.

Not sure why this is even being suggested but please understand:

- ***Moorpark should be entirely located in one district***
- ***Moorpark should be located in a southeast County district.***

Do the right thing for those of us who pay taxes!

Thank you,
Patricia Jacobs

To all it may concern

It is upsetting to find out that this meeting is happening without prior community notification. It is also upsetting to think that a vibrant, thriving community like Moorpark can be up for redistricting. This is another prime example of what is going wrong with our government. There is no way power should be taken away from such a large diverse community for any reason. The people of Moorpark should have a say in any and all decisions made in our county. Thousand Oaks, and Fillmore/Oxnard are in no way similar to the distinct, independent populace of Moorpark. We have indistinguishable differences, making it impossible to be represented appropriately. I would hope that this decision be given more adequate Public notification, giving an opportunity to respond, and represent ourselves.

From: [Paul C Guarente](#)
To: [Redistricting](#)
Subject: Dog park
Date: Tuesday, October 19, 2021 10:16:41 AM

Do whatever you have to do about redistricting the city which would make an off leash dog park in the West portion of Moorpark (West of the 23),

The perfect example of a dog park is the Mission Oaks Dog Park in Camarillo. It's a dog park for most of the day, and it's opinion one side, which stops dog walkers from "dropping off" their dogs and forces your dog to be somewhat under control.

Or,

Initiate a program for a tag that allows your dog to be off leash in the parks. An additional fee that an owner would pay to allow then to be off leash. Make it somewhat expensive with a zero tolerance if your dog has/is a problem.

Thank you,

Paul Guarente

From: [Gary Esser](#)
To: [Redistricting](#)
Subject: Don't split Moorpark into separate Supervisor districts
Date: Tuesday, October 19, 2021 11:27:21 AM

I urge you to not split Moorpark into different districts, as Draft Plan 1 would do. Moorpark should be entirely in one district. To split our small city would greatly reduce any influence the concerns of our residents have.

Thank you,

To whom it may concern,

Please do not break up the city of Moorpark into Simi and Fillmore. This is a beautiful small town and a wonderful place to raise a family. This is one of the main reasons why I moved here 11 years ago with my three children. Splitting up the town would change the dynamics of Moorpark and would lose its small town feel.

Keep the City of Moorpark together in one district.

Your consideration is greatly appreciated.

Hello,

As a citizen of The city of Moorpark I am concerned about the proposed redistricting of the city of Moorpark by the county of Ventura. Please do not split our city into two districts. Geologically speaking we are in different locations compared to Fillmore, Oxnard, and Thousand Oaks. It doesn't make sense for us to be part of their districts. Please keep Moorpark as one.

Thank you,

Marianne Kennard

Subject: Feedback on community map
Date: Wednesday, October 20, 2021 6:52:57 AM

Hello,

I watched the discussion on the maps yesterday and wanted to share my feedback on the community map which splits Moorpark in 1/2. I think the idea of a community map is nice. However, splitting Moorpark in 1/2 doesn't make sense to me as a resident. You could have a child who lives in 1/2 of Moorpark but goes to school in the other 1/2. This would be common for elementary and middle school. However, since we only have one high school, this would be the case for all high school students who live in the other 1/2. Also, because we're a small community, they child could spend a lot of time in the other 1/2 of moorpark doing their activities. Yes, we do have a large Hispanic population but they're not segregated to 1/2 of the city. Their lives are lives throughout our small city. We have a traditional/historic Hispanic neighborhood in the middle of moorpark. However, residents who grew up their often move to the other 1/2 of town when they grow up. So then their parents still live in the historic neighborhood but the adult children could now be on the other 1/2 of town. This is why splitting Moorpark doesn't make sense. Our lives are lives throughout this small city. Also, a city has its own culture which we need to retain. Moorpark is a special place with many generations of families choosing to stay. Please don't split us up. Let us remind as one.

Thank you,
Tina Hinanay

**Supervisors are placed in the BCC line.*

Hello Supervisors and Staff,

My name is Daniel Chávez, Jr. and I wanted to bring forth an adjustment to Draft Map#2 that is available on the DistrictR website titled DCJ - V3. The map meets all the requirements of the law and the comments of the BoS from their Public Hearing (October 19th). Here is the link to the map <https://districtr.org/plan/71853>.

If you have questions please let me know.

Breakdown:

- Two Minority-Majority Districts (D3/D5)
- Splits the cities of Oxnard (D1/D3/D5) and Camarillo (D2/D3/D5)
- D3: 51.4% Hispanic | D5: 51.3% Hispanic
- Population Deviation: 0.29%

Thank you.

Linda Parks, Chairperson

Carmen Ramirez, Vice-chairperson

Ventura County Board of Supervisors

Re: Redistricting of Supervisorial Districts, Agenda Item No. 49

I support the map presented by Barbara Macri-Ortiz and endorsed by the Latinx Bar Association for the following reasons.

- > 8 of the 10 cities of Ventura County are not split among districts,
- > the beach communities are kept in one district,
- > there will be two majority-minority districts,
- > Oxnard's established neighborhoods are not split among districts,
- > I endorse the joining of Port Hueneme with SE Oxnard, Nyeland Acres and El Rio,
- > all of the districts are within 5% deviation of population requirements.

Please support and adopt the LBA District Map. Thank you.

Sincerely,

Steve and Mary Nash

Importance: High

Good afternoon Chair Parks, Vice Chair Ramirez and Supervisors Long, Huber and LaVere:

Attached please find correspondence from the Latinx Bar Association (formerly known as Ventura County Mexican American Bar Association), together with our proposed map of the five Ventura County Supervisorial Districts. Our map produces two Latinx CVAP majority districts (Districts 3 and 5). As is explained in detail in our correspondence, we were able to accomplish this without splitting eight of Ventura County's ten cities. The City of Oxnard still is divided between Districts 1, 3 and 5, but in a manner that we believe does justice to Oxnard, in that we were mindful to keep each of Oxnard's existing neighborhoods intact, respect the legitimate concerns of Oxnard's residents and the City Council while also taking into consideration the overarching environmental communities of interest that are shared by the neighborhoods that have been joined with District 1 or District 3.

We also joined the City of Moorpark with District 3 and the City of Camarillo with District 2. The resulting decrease in population in District 4 and the increase in population in District 2 forced us to make some adjustments around the City of Thousand Oaks and the surrounding area. We tried to be as respectful as possible in drawing these new District boundary lines, and sought to draw the lines in such a way as to keep these Districts as compact as possible.

The Latinx Map can be accessed at <https://districtr.org/plan/69298>. For your convenience I have also attached a png file which should give you a sense of what our map looks like at a glance. The original letter is being sent to the County to the attention of Ms. Gonzalez, Deputy Clerk of the Board of Supervisors.

Thank you for your consideration. I look forward to working with your staff as may be necessary to accomplish this process in a timely manner.

Take care and stay safe,

Barbara Macri-Ortiz.

Keep Moorpark together

Please do not split Moorpark into 2 separate districts. I agree with the City of Moorpark's recommendation to put us in the southeast district. I don't feel we would get the same level of prioritization, nor would our interests as a cohesive community be best served by 2 separate supervisors and their respective teams.

Sincerely,

Fariba Maghsoudloo

Good morning - we purchased our home in 2010 in Moorpark and believe that the City of Moorpark should remain together in one district, represented by one supervisor. Splitting the City and redistricting a portion into a different area of the County may adversely affect property value and we are opposed to such a move. Such a move would also act to diminish Moorpark's input in countywide policy and legislative issues and potentially act to the City's detriment. As longtime Ventura County residents and homeowners in Moorpark, it is our opinion and desire that Moorpark should be entirely located in one district.

Thank you for your time.

Please do not split Moorpark into two districts and split us in between Fillmore and see me. We have our own unique contributions to the county and we would feel terribly divided as a community. There's a huge distance in both miles and cultures between Fillmore and Moorpark and I can't imagine the two of those are being combined when people so much closer would then be combined with Simi Valley. This makes absolutely no sense. Please do not do this

CAUTION: If this email looks suspicious, DO NOT click. Forward to Spam.Manager@ventura.org

I have lived in Moorpark for 20 years. I writing to express my concerns to keep the city of Moorpark together in one district. It's worked for a long time and we don't want to be split. Don't try and change things if it's been working fine. There will be a lot of upset Moorpark residents that will be very unhappy if they change this. Thank you for keeping Moorpark the way it is and Moorpark one district!

Tammie Coulter
Moorpark Resident of 20 years.

To the attention of the Board of Supervisors in Ventura County,

Keep the City of Moorpark together in one district. By splitting our city into two other districts, our city's needs and voice is greatly diminished. It's about as undemocratic as it gets.

Is Ventura County going to be different than the rest of the country, and respect the voices of an entire city, or cave to data analytics that do not consider what a democracy is and how it should operate effectively?

Which district do you live in?

District 2

What are the common interests in your community? Describe why they are important to you.

As the consultants have already identified, Bell Canyon is separated from most of district 2 and is a much more natural fit for District 4 due to physical proximity for services, wildlife corridor, and the rest of the issues already identified by the consultants.

Where is your community? What are the cross streets and/or landmarks in your neighborhood? (For example, intersections, roads, rivers, etc.)

Adjoining district 4 on the other side of the SSFL labs.

Why is it important for your community to be included in the County of Ventura Board of Supervisors redistricting process? Please describe how the issues that the Board of Supervisors considers have an impact on your community.

See consultants recommendations

What else would you like to tell us about your community?

It is a great community.... ;-) and we support joining District 4

Which district do you live in?

District 2

What are the common interests in your community? Describe why they are important to you.

Common interests are schools/public education; environmental issues, parks, open space; public health; traffic/congestion; adequate representation in local government; maintaining our "small town" community feel.

Where is your community? What are the cross streets and/or landmarks in your neighborhood? (For example, intersections, roads, rivers, etc.)

I live by Deerhill Park. Major streets are Kanan Rd and Deerhill Rd.

Why is it important for your community to be included in the County of Ventura Board of Supervisors redistricting process? Please describe how the issues that the Board of Supervisors considers have an impact on your community.

I urge you to approve map 2. The likelihood of having our interests represented well is significantly diminished if we are grouped with Simi Valley. Because they are so large, their constituents interests would always dominate. We already experience this problem with Rancho Simi Parks and Rec District. When it comes to our parks, how they are used, open space-- we don't even have a resident on the RSPRD Board. Our vote is always diluted or diminished.

What else would you like to tell us about your community?

OP has the highest vaccination rate in the County. This should be considered because we live on the border of LA county, and whenever we travel for work, shopping, etc.-- we spend considerable time back n forth between two counties. We have no say in LA County/cities that border OP, little say in RSPRD, and no city government. The OP MAC is merely an advisory body. Ensuring OP's vote, interests, and needs are met should be a top priority for the County Board of Supervisors. We have no local voice otherwise.

Please do NOT split Moorpark into two districts. This action will undercut the Latinos living in Moorpark. Moorpark DESERVES to have it's strongest possible representation. As a Community of only 36,000, splitting us effectively gives us no voice. None. We will be among the first to experience growth, and we need a supervisorial district that will represent the needs of the city with one voice. If you split us, you simply don't care about us.
Thank you.

Subject: Public Comments re Draft Redistricting Plans - Approve Draft Plan 2 and Keep Moorpark Intact
Date: Monday, October 25, 2021 5:23:29 PM
Attachments: [Moorpark, CA 1974.pdf](#)

CAUTION: If this email looks suspicious, DO NOT click. Forward to
Spam.Manager@ventura.org

The community of Moorpark should not be divided in two as you may be contemplating in the county maps redistricting process. Moorpark must remain intact and aligned with Simi Valley as shown in Draft Plan 2 and in conformance with the following traditional redistricting principles for fair representation:

- Contiguous – districts should not hop/jump
- Maintain “communities of interest”
- Follow city/county/local government lines
- Keep districts compact – appearance/function

Contiguous

“Cradled by mountain ranges, Moorpark is ...***nestled in the heart of Simi Valley – the Little Simi Valley, it is called.***” (The Moorpark Story Centennial Edition by Norma Gunter, 1969). From the beginning, Moorpark and Simi Valley have been identified as one contiguous area.

This fact is documented in the attached USGS topo map (Moorpark Quadrangle) created in 1951 and later ‘photo inspected’ in 1974. You will note the area of our Moorpark community is noted on the map as “Little Simi Valley”. The only draft plan that maintains the Moorpark community of interest in a contiguous district with Simi Valley is Draft Plan 2.

Maintain “communities of interest”

Creating a second majority-minority district is laudable and I support this goal but **“while communities of interest may include race, it cannot be the predominant factor in drawing district boundaries”** (Redistricting Partners, Traditional Redistricting Principles). Overriding this consideration is the afore-mentioned principle of contiguous districts, maintaining the communities of interest as well as the redistricting principles of maintaining city government lines and keeping districts compact. Creating a second majority-minority district should not be at the expense of dividing the historical Moorpark community of interest.

Not only is Moorpark separated from the communities in Draft Plan 1 by the significant geographical barrier of Grimes Canyon, Moorpark has little in common with the communities within proposed Draft Plan 1. They have their own unique and rich history but Moorpark does not fit within that community of interest. Moorpark should be retained in the district proposed in Draft Plan 2 for at least the following Communities of Interest principles:

- Moorpark and Simi Valley historically are identified as one contiguous area
- Moorpark is located within the area known as Little Simi Valley
- Moorpark and Simi Valley historically and largely still share economic interests
- Moorpark is within the same Arroyo Simi watershed area
- Moorpark and Simi Valley are in the service area of Moorpark College
- Moorpark and Simi Valley are in the service area of Adventist Health Simi Valley Hospital
- Moorpark and Simi Valley Rotary Clubs (5) regularly collaborate on shared projects

- Moorpark and Simi Valley share portions of Happy Camp Canyon Regional Park
- Moorpark and Simi Valley, in the east county, share a political interest regarding the provision of county programs, services and resources

Follow city/local government lines

While portions of some cities have historically crossed into more than one county district, it kept communities of interest together that shared a common interest. For example, keeping the beach communities of Oxnard/Port Hueneme together and keeping the Ventura beach area distinct because of the geographical barrier of the Santa Clara River. Or recognizing that Camarillo shares a common high school district with the 5th District. In these examples there is a logical explanation for crossing local government lines.

Dividing Moorpark in two provides neither a logical explanation nor community benefit. Draft Plan 1 only divides the Moorpark community of interest and local government.

Keep districts compact

This is one of the most obvious reasons to keep Moorpark intact. Draft Plan 1 dividing Moorpark in two does not create a compact district, in fact it represents an egregious exception to this redistricting principle. The Santa Susana Mountains, Oak Ridge and Big Mountain are significant geographical barriers separating Moorpark and Simi Valley from the Santa Clara Valley.

Thank you for your thoughtful and attentive consideration of my comments and documentation supporting your adoption of Draft Plan 2. Much of this information is taken directly from the information presented at the recently held Redistricting Community Meeting. If you have any questions, feel free to contact me at 805-208-3570.

I look forward to your adoption of Draft Plan 2 which achieves your goal of creating a second majority-minority district while keeping the Moorpark community intact.

Hello,

In response to a request of maps from cities to ensure neighborhoods and communities of interest remain intact, I am attaching the maps related to Moorpark including city council districts, zoning, demographics, and below are links to our online maps.

I understand there is a desire to create minority-majority districts within the county, however the various proposed maps that divide the City of Moorpark actually divides the Latino population within our community. The Arroyo Simi or 23 freeway are typically used as boundary lines to split Moorpark but there are notable Latino neighborhoods on either side of these physical boundaries. This is one of the major reasons we recommend keeping Moorpark within one district, in addition to our common interests with east county cities, especially Simi Valley, who we collaborate often of major issues affecting our region of the county.

Feel free to contact me if you have any questions.

Please keep Moorpark One! We are too small to be a split district! It cant be that helpful to split us up, other dividing lines must be better!

Thanks

Moorpark should be entirely located in one district. Please do NOT split us apart.

Thank you,
Nicole Rosander

Please do NOT split Moorpark into 3! It would be a nightmare. Thanks

Comments:

Camarillo needs to not be separated into separate districts. The map that reflects that the best is draft 1. However Port Hueneme is in a weird configuration with unincorporated County lines. It also splits up Oxnard in a weird way and give the Ventura district a lot of land that is more aligned with Santa Paula and Fillmore than Ventura itself.

Current district lines puts camarillo fillmore Santa Paula and some unincorporated areas. I understand morphing district 3 to remove Hueneme and some other unincorporated land, however please do not split Camarillo.

Comments:

I live in the unincorporated part of the county. In particular in the very small and quiet area known as the Strickland track. I currently sit on the MAC for this area. Our little neighborhood is so far removed from anything going on in the city of Oxnard, I do not believe we should be a part of district 5. the district 5 supervisor generally is more concerned with issues within the city limits of Oxnard or with larger and more populated communities that are situated closer to the city limits such as el rio and nyland acres. Which is understandable since the city of Oxnard is one of the largest cities in our county with the most population.

Our elementary school and junior high districts are not even in the Oxnard or the rio school districts , we are in the Mesa school district. We have our own water municipality. Our trash is collected by Harrison and not the city of Oxnard. The sheriff and CHP are the law enforcement agencies that patrol this area because we are out of Oxnard pd's jurisdiction. The city of Oxnard does not service this area or anything to my knowledge other than the mandatory sewers that we were required to hook onto.

I feel we would benefit to be in a district that understands this area. We are pretty much rural (which is why most of us live there) aside from having rio Mesa high school nearby.

My family and I moved to Moorpark 12 years ago. We would like to see Moorpark stay as 1 district and not split up.
Thank you, The Goetz Family

To: VC Board of Supervisors

I am a long time resident of Moorpark and I DO NOT want to see my city split, period.
Please do not do this to Moorpark. Leave well enough alone.

We don't want to be with Fillmore or Simi Valley. We just want to be MOORPARK.

Thank you.
