I am writing to support that Oak Park remain in District 2 and under Thousand Oaks districting map. I object to Oak Park being redistricted and moved under Simi Valley.

I have lived in Oak Park for 21 years. I love my community and love my "Conejo Bubble". Anyone who lives here knows that means those in Oak Park, Agoura, Westlake Village and Thousand Oaks. What this does not include is Simi Valley. My shopping, dining, and recreation all happens here. For example, Pavillions, my pharmacy and grocery store is 3 miles down the street from my house and is located in Thousand Oaks. It's 3 MILES from me. Thousand Oaks is 3 miles from me! We are much more connected to Thousand Oaks over Simi Valley in every way. I don't understand how it's even being suggested that Oak Park be redistricted from Thousand Oaks to Simi Valley.

Please do the right thing and keep Oak Park in District 2 and with Thousand Oaks.

Thanks you,

Kim Lerner
