Labor Relations & Strategic Development

Kelly Shirk
Director Human Resources

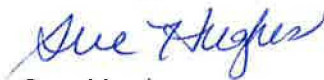

Subject: Receive and File a Presentation by the County Executive Office
Regarding Work Being Done with the Southern California Edison
Energy Leadership Partnership Program Grant

Recommendations: Receive and File

Discussion:

In April 2011 the County of Ventura was awarded \$1 million from Southern California Edison for the purpose of developing, implementing, and enhancing current administrative activities aimed at reducing our greenhouse gas (GHG) emissions. More specifically to this presentation, grant funds are being used to provide educational materials for County staff and community members. As part of the outreach we created a video "Working and Living Sustainably County of Ventura" that highlights all of the great work being done throughout the County by all departments and agencies. We will be showing the video during today's presentation.

Sincerely,

Sue Hughes
Deputy Executive Officer

Michael Powers
County Executive Officer
