As a resident in Santa Rosa Valley for 27 years , I oppose Air BnBs in this residential Valley. We want residence who care about their community and are committed to making it a safe area for families. AirBnB would not meet these goals and would add more traffic making it less safe. An example is the house on 11365 Persilla where there is noise and crowds of people without restrictions on hour and activity. We want our Valley to be safe.

Sincerely,

Karen Frost
