**DISCUSSION:**

Ventura County Health Care Agency Ambulatory Care has provided medical services at the CSUCI Student Health Center for the students of CSUCI since the campus opened in 2002. This highly rewarding and successful collaboration has led to cost effective, high quality medical care for the students enrolled at the first and only Ventura County public university. The medical services provided at CSUCI include primary care of acute and sub-acute conditions, illness and injury, family planning services, health education, women's health care and immunizations.

The proposed agreement will provide the County of Ventura Health Care Agency the ability to continue providing medical services at the CSUCI Student Health Center for students of CSUCI. The agreement effective date will be July 1, 2022, and will end on June 30, 2023. Then, unless terminated in writing by either party at least (30) days prior to the renewal date, and subject to receipt of all necessary budgetary approvals by the Ventura County Board of Supervisors and CSU Channel Islands, this Agreement shall then be extended for up to two (2) additional one (1) year periods. The total amount of this agreement shall not exceed three hundred and thirty-two thousand six hundred and ninety four dollars and forty-three cents (**\$332,694.43**) for the fiscal year July 1, 2022, through June 30, 2023, and any fiscal year thereafter, unless a revision is agreed upon in writing, by both parties in advance.

This letter has been reviewed by the County Executive Office, County Counsel, and Auditor-Controller's Office. If you have any questions regarding these recommendations, please contact Barry Zimmerman at 805-677-5272.
