Regarding the approval of Charles Sandlin to the Planning Commission -

I am a resident of Camarillo and I'd like to bring to the boards attention that the appointment of Charles Sandlin to any organization associated with the county would be a very bad idea.

Attached is a screenshot that shows that Mr. Sandlin has a history of being abusive to those around him. Additionally, there is a photo that was turned in to the Camarillo police that showed the bed of Mr Sandlin's truck full of the yard signs of others running for local office - indicating that he was stealing yard signs on display.

For these reasons he is clearly not someone that should be elevated to any position at the county level.

I would think the county would be especially concerned with the first issue - the history of abusive behavior, considering the very recent issues with former CEO Mike Powers. The county should be building a workplace atmosphere where women feel safe, putting Charles Sandlin into a position of authority would undermine any efforts to improve the county's workplace and/or reputation.

Please reconsider this appointment and make another choice.

Thank you.
