Water Rate Protest  
6767 Spring Road  
P.O. Box 250, Moorpark, CA  
93020-0250

Attn: WWD17

We are the owner and reside at 139 Bell Canyon Rd, Bell Canyon. We are protesting the increase in rate hikes and the Tier System for large lots like our own parcel at .087 Acres.

Tier 1 only allows 9.33 HCF at \$ 5.24 before it jumps to Tier 2 once you exceed 9.34 HCF under a 28 Day billing Cycle to a rate price of \$6.21 per HCF. With a property as large as we have, we will throughout most of the year be in Tier 3 except when we receive extensive rain, which is very infrequent.

It would be in my opinion be fair to raise the Tier Structure as Follows:

1. Raise Tier 1 from the current 0- 9.33 HCF to **0-20 HCF**
2. Raise Tier 2 from the current 9.34-50.40 to **20.1- 50.40 HCF**

This is due to larger properties such as our property at almost 1 acre and equal properties in Bell Canyon. If you refuse to make this type of change we protest the rate hikes at this time given the economic stress of Covid 19 for the past 2 years and the downward trend of the current economy.

Thank You

Richard L Moody
