Ventura, CA 93003

**SUBJECT: ABA Energy Facility, SUP 672, East Wooley Road & Rice Ave,
APN 217-0-030-105**

Dear Ms. Fogg:

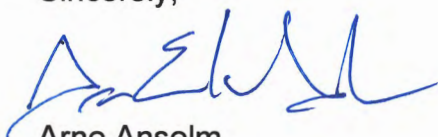

Per your request, Public Works Agency (PWA), Watershed Protection staff has conducted a records review of the above-referenced facility and has found that it is in compliance with local and State stormwater requirements. Specifically, you requested that PWA verify the following finding from the Non-Coastal Zoning Ordinance, Section 8111-1.1.1b (9):

- Is determined to be consistent with conditions and requirements established by the Ventura Countywide Stormwater Quality Management Program, National Pollutant Discharge Elimination System (NPDES) Permit No. CAS06339 and the Ventura Stormwater Quality Management Ordinance No. 4142 and as these permits and regulations may be hereafter amended

The ABA Energy Facility is covered under the General Permit to discharge stormwater associated with industrial activity; their Waste Discharger Identification (WDID) number is 456I030096, as required by the California State Water Resources Control Board.

If you have any questions about this letter, please contact Ewelina Mutkowska at (805) 654-1382 or at ewelina.mutkowska@ventura.org.

Sincerely,

Arne Anselm
Deputy Director, Watershed Protection

c: Dave Ward, Planning Director
