Dear Supervisor Gorell,

I urge you to reject the proposal for oil wells in the Lemonwood neighborhood.

As a concerned citizen and community advocate, I know that oil drilling is one of the most harmful activities we can undertake near families.
I believe that you know this as well.

You are in the unique position to protect our environment and our future generations.
Please prioritize the well-being of our families by saying no to these oil wells.

I will look forward to seeing the Board of Supervisors continue to protect the future of Ventura County.

Respectfully

Veronica Miranda
Ventura County Resident
