Hello,

I live in Ojai. I do not want individual contributions to local elections to exceed the current amount. Haven't we all learned YET that money buys politics? With elections upon us re: Ventura County Board of Supervisors, don't let those with money swamp and drown the individual who needs to retain her/his voice on all the issues facing Ventura County, especially oil and gas.

Money, Influence, Power (political and corporate) equals a world of oil and gas methane destruction leaving our county, our country, our world no longer fit for humans, and most wild animals dead.

What kind of world do you want for yourself, your family, your children, your grandchildren, and all other sentient beings?

Keep the cap on political donations right where it is. Changing that initiates massive nasty changes in Ventura County. Think Global Act Local

Thank you,
Katherine Holden
