

Local Planning Council

The United Voice for Early Care and Education

Board of Supervisors Presentation

March 28, 2023

Week of the Young Child

Vision and Mission

The Local Planning Council (LPC) is the united voice for early care and education in Ventura County, and actively plans for access to quality child care based upon the needs of children, families, and early education professionals.

Words to Remember

“We know that early childhood is one of the most important periods in life for children’s brain development. Every child deserves to have opportunities to develop the skills, knowledge, and dispositions they will need to succeed in our increasingly complex world. This starts by ensuring that all children have access to a high-quality early childhood program... [to support] children’s health, learning, and overall well-being.”

Tony Thurmond

State Superintendent of Public Instruction

About the Council

Who we are and what we do

Local Planning Council

The United Voice for Early Care and Education
