I am delighted that this approval is on the consent calendar. It is an immensely helpful project for our area, and we have been waiting patiently.

The Ojai area has many homes and small acreage parcels. Careful fire clearance is needed throughout the valley. Much of that cleared greenwaste needs composting or chipping. After this years record rains and high winds the amount of downed oak ups the need for local handling.

Please don't obstruct this project any longer and leave it on your consent calendar for tomorrow.

Thank you.
