Please support Paw Works at the hearing on 20 July.

Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down!

I rescued my dog from them and he has been the greatest blessing to me and my family. They need to continue their work saving these precious animals and, in turn, blessing the Ventura County families who adopt them.

Thank you for your time,

Jessica Rose

Dear Luz and Dean,

I am reaching out with an urgent plea in support of a vital and incredible organization.

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animal they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

I urge you to support them as they are essential to the community. Thank you in advance.

Most Sincerely,
Emily Blair Marcus

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

They allowed me to add a wonderful dog to my family. It would be a shame to not allow another family to do the same. Please allow them to stay. Those animals are at risk if you don't.

Paw Works is an invaluable part of our community. Without them, we would see an increase in euthanasias in shelters, a decrease in rescue awareness, families would lose affordable veterinary care for their animals, and more. Our community cannot risk losing them. If you care about Ventura County, you should allow them to continue.

Hello,

I am reaching out in support of Paw Works. It is incredibly important to support organizations that are working for the direct benefit of our ever-growing homeless animal population. Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down. It would be a shame and a disgrace to remove the shelter these animals have and ostensibly force them into overcrowded shelters where they could certainly meet untimely deaths for an administrative reason I see as incredibly difficult to justify. Please find the compassion needed to see the right path forward for this situation and all of the parties involved.

To Whom It May Concern,

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

I have personally seen the amazing work they do in the community and know that the pets and people need this amazing organization! Please don't allow a technicality be the reason that an outstanding & much needed organization like Paw Works is forced out of Ventura County.

Thank you for your time and consideration of this very important matter.

Sincerely,
Caroline Bossi

With the overcrowding crisis our shelters are dealing due to the the overflow of surrendered pets, please do not negatively affect a rescue that has done so much to help California's overpopulation problem. Please give them a chance to continue the good work they are doing to help our community and allow them to continue to save the lives of animals.

Please support Paw Works at the hearing on the 20th of July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura.

There are NO other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded.

Shutting them down will result in the death of possibly hundreds of animals who deserve a second chance. As a former employee of Paw Works, I know firsthand the hard, important work they do for our community. Most of the shelters in California, including our own VCAS, are over capacity. This is a critical time for the animals in our community and they are counting on us. Please allow them to continue their good work at their current location and don't shut them down.

Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

The animals have already been through so much and to take away the only home that they currently know and to take away their safe haven until they find their forever homes is not okay. Paw Works does amazing work and will do what has been asked but needs the time and their current location to do what is being asked. Please take the animals and what they do into consideration and help them. Please do not shut them down.

WARNING: If you believe this message may be malicious use the Phish Alert Button to report it or forward the message to Email.Security@ventura.org.

Please support PAW WORKS on July 20th, 2023 in their very important agenda item listed above.

Please allow them to submit their CUP and allow them to provide the much needed support and care for rescue animals within our county while they seek approval of that CUP from the County of Ventura.

There are no other options for alternative homes or shelter for these animals they care for. PAW WORKS provides critical support for Ventura County and they have provided homes for over 14,000 animals since they were founded.

Please allow them to continue their good work for the people in this county and the animals that they support. Our shelters and rescues are at capacity. This would be a cruel and inconceivable thing for your department to do to the animals in this county that desperately need our help!

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

Sincerely,
John wong

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

Please find some kindness in your heart and think about all the animals that need you guys. Animals are helpless and depend on humans for help. They aren't committing crimes or doing anything bad. They are literally helping thousands of animals. Please do the right thing by allowing them to stay open. Have you heard about the things Paw Works has gone through in the past few years? Pretty girl who came out on the news not too long ago? How about Chad their CEO who just passed away? Do you not think they deserve a break? They do a lot of good in this world. Please find it in your heart to do some research about them before making these animals' lives worse than it already is.

We don't deserve dogs, so the least we can do is fight for them. The amount of dogs being euthanized at kill shelters right now is higher than I've ever seen. Paw Works can help save some of those dogs, but not if they're shut down. Do the right thing, please. It's for the dogs.

There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

This is a rescue organization that has been through a lot; a break-in at their last facility, the death of one of their dogs after she was kidnapped and the passing away of their founder. I have worked with them personally as a volunteer foster for cats and kittens. They rescue animals from high kill shelters. They provide food, supplies, and veterinary care for the rescues and foster care if possible, so when the animals are adopted out they are the best cared for. They spay and neuter and provide vaccinations to all animals prior to adoption. They are highly reputable, and their cats and kittens are adopted out through PetSmart (a well known organization who accepts and supports them). They are helping to alleviate the burden on the Ventura County Animal Shelter, which we know is at capacity. If you were to ask them to leave, due to a neighbors code violation, where do you propose the animals in their care go?

It is unfair that they should be denied submitting their application due to a neighboring business. That has nothing to do with them. They are an outstanding organization. They are the absolute best rescue organization in the country, highly reputable and helpful to the community. They are highly visible, supported by Jamie Lee Curtis, and their plights have been in the news. Please read up on them and research them more. Please help keep the animals safe with PawWorks. They are the most compassionate organization (and provide outstanding care for the animals). Talk with the owners, walk through the facilities, and speak with their volunteers and fosters. Compare what you find to any other rescue in the county. They go above and beyond to care for the animals.

Thank you for considering their application and permits, and for saving the lives of the animals who would be displaced should you not accept their application due to a neighbor being out of compliance (which does not seem fair and equitable or make common sense).

May they continue their mission of getting animals off the streets, saving lives, and providing animal companions to those in need.

Thank you,
Rachel Dunleavy

To the Decision Makers of Ventura County -

On behalf of myself and the hundreds of parents, kids, and families I represent through my work in youth sports, I beseech you and humbly ask for your support for Paw Works at the hearing on July 20, 2023.

Please, please allow the company to submit their CUP Application, thereby allowing them to continue to provide shelter for an abundance of rescued animals while the company seeks approval of that CUP from the County of Ventura.

There are no other viable options for a home for the animals in their care; their work is the good work that truly helps and benefits our community, both its people and its animals. Paw Works provides critical support to Ventura County and has saved more than fourteen thousand (14,000!) animals since its inception.

Please allow this important and noble company to continue its good work at their current location. Please do not shut them down.

Truly Yours on Behalf of a Grateful Community,

Trevor Julian

I am writing to you to ask you to please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura.

When our family lost our dog of 16 years in December of 2022 we were devastated. My two children were heartbroken. But in March of 2023 we found our new family member/dog at Paw Works. Seeing the joy and happiness in my children's faces as they got to choose our new dog was priceless. We had visited several animal shelters prior too and never found a dog with the right temperament and socialization that we found in the dogs at Paw Works. The work they do with these animals is so critical! The joy they bring to families is undeniable. How can you not support such a beautiful cause?

There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

To All Concerned,

As a member of this community, I am reaching out to you to ask that you **please support Paw Works at the upcoming hearing this Thursday, July 20, 2023.**

It has come to my attention that due to an unrelated "technical violation" on an adjacent parcel, Paw Works has been blocked from applying for a CUP. Given the increasingly high influx of animals to local shelters in recent years, it's alarming that the County of Ventura could require Paw Works to immediately vacate their property without concern for the welfare of these animals or the impact to the community. This would put the animals under Paw Works care in jeopardy and place further, undue burden on local shelters.

As an animal lover and community member, I recognize the value and impact of the work of rescue and advocacy groups like Paw Works and implore you to allow them to submit their CUP application and to continue to provide shelter for rescued animals while they seek approval of that CUP from the County. There are no other options for the animals under their protection.

Since their establishment in 2014, Paw Works has saved 14,000+ animals. As you consider a path forward, please bear in mind the critical support their operations provide to Ventura County and allow their good work to continue by aiding their ongoing efforts to remain open at their current location.

Thank you in advance for your attention and consideration on this matter.

There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

I've worked with them personally and seen the amazing work they've done and continue to do. They truly care about their animals and worked so hard for the location they have now. Please don't take it away from them. The animals need them, the community needs them and the county needs them.

Hi Luz,

I hope you're doing amazing! I'm reaching out to you in hopes that you can please support Paw Works at their hearing on July 20th. Please allow them to submit their CUP application and continue to provide shelter for innocent rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for these innocent animals that they care for. Paw Works provides critical support to Ventura County and has saved over 14,000 animals since they were founded.

From the bottom of my heart I truly hope that you can please allow them to continue their good work at their current location without shutting them down. It is crucial to have your support!

The innocent lives rescued at Paw Works need you now more than ever!

Thank you so much Luz!!

Best regards,

Dear Dean,

We are appealing to you for your kind intervention on behalf of all of us who reside, love, and live in Ventura County, for Paw Works Animal Rescue Organization.

In a time when All of our Animal Shelters are over capacity, we can't afford to lose this amazing and beloved organization, who has rescued over 14,000 animals and blessed so many families with their pets.

We hope and pray you will find a way for the Rescue to remain at their current location and continue their important and admirable mission uninterrupted by technicalities from the county.

Thank you in advance for your willingness to help.

Warm regards,

In a time of uncertainty and fear in California, please find it in your hearts to be the light for the community.

These please are not just for the animals but for the many people who need companionship. Who struggle day to day. This facility aids in finding happiness, love and saving lives on both sides.

I adopted my dog from here and he saved my life from wanting to end it.

If you have pets if your own or just love animals in general then you should not find this situation hard to pass in favour of Paw Works. It is a tireless and thankless job that these volunteers and works do 24/7 in order to keep animals safe from the streets and abusive homes or backyard breeders. If it wasn't for them and their work, who knows where these pets would be. Please look at the bigger picture here, we all beg you!!

Hi both,

Please support Paw works at the hearing on July 20th, and allow them to submit their CUP application that will continue to help them provide shelter for rescue animals. Paw works provide critical support to over 14,000 animals.

They need your help, and you would be doing so much good for their world.

Do something right, and support them. This isn't an issue that should be overlooked or ignored.

Hello,

I am writing to urgently seek your support for Paw Works, a vital animal rescue organization in Ventura County. On July 20, a significant hearing will take place regarding their Conditional Use Permit (CUP) application. I implore you to stand with Paw Works, allowing them to continue providing shelter for rescued animals while they pursue the approval of their CUP from the County of Ventura.

Paw Works has been a tireless force in our community, providing critical support to Ventura County and saving the lives of over 14,000 animals since their inception. Their dedication to animal welfare is unmatched, and their impact on countless lives is immeasurable.

It is crucial to understand that there are no viable alternatives for the animals currently under Paw Works' care. Denying their CUP application and forcing them to close their doors would leave these innocent creatures without a safe haven, putting their well-being and very lives at risk. The consequences would be devastating, not only for the animals but also for our community as a whole.

By granting Paw Works the permission to continue their operations at their current location, you would be ensuring the continuation of their life-saving work. They rescue, rehabilitate, and find forever homes for abandoned and neglected animals, playing an integral role in maintaining animal welfare in Ventura County. The closure of Paw Works would leave an irreplaceable void in our community.

I kindly urge you to carefully consider the immense positive impact that Paw Works has had and the lives they have saved. Your support for their CUP application during the hearing on July 20 is vital. By doing so, you will be advocating for the welfare of animals, upholding a pillar of compassion within our community, and demonstrating your commitment to the well-being of all beings.

Thank you for your attention and swift action. Together, we can make a profound difference in the lives of these vulnerable animals and continue to build a more compassionate world.

Sincerely,

Caroline Melamed

Since the county is unable to house more animals it seems like a poor decision to make it more difficult for a private rescue who eases that burden on the county.

Please consider helping the animals so the shelter does not become more overcrowded than it already is.

Dear Luz,
How can you deny such a wonderful organization for helping innocent animals the right to life and shelter. This has become nothing more than another money Hungary problem of ventura County. Wake up and do what is right for a good cause of the animals. This is on you if it is denied Miss Luz. I sincerely hope there is a caring heart inside you. Our church the mission will be praying for you to do the right thing.

RE: Paw Works Appeal (Agenda Item 6A)

To whom it may concern,

Please support Paw Works at the hearing on 20 July. This organization is so important in saving the lives of thousands of animals in your jurisdiction. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. Unfortunately, at this point there are no other options for a home for the animals they care for - therefore they must be allowed to do i the their food work. Paw Works provides critical support to Ventura County and has **saved 14,000 animals since they were founded**. Please allow them to continue their good work at their current location and don't shut them down. I have three amazing dogs from this organization and my life would not be the same without them. Please please help.

I am one of the over 100 volunteers at Paw Works and am very concerned with your actions. Paw Works is the largest animal rescue in Ventura county, is financially sustainable, and saves thousands of animals scheduled for euthanasia each year. If you shut them down, you will be the direct cause of the animals presently housed there becoming homeless and in danger of being euthanized. Your department is noted for its excellent problem solving abilities and empathy to the community. Please let us continue to save the unwanted puppies, kittens, pregnant mothers and other adoptable animals from being killed.

Now on a personal note. My current service dog Reese was rescued by PawWorks- she was on the list to be euthanized at a shelter and they pulled her out. I'm not being dramatic when I say this dog has saved my life. PawWorks hasn't only saved multiple dogs and cat, but they have saved people too by providing them with companionship. PawWorks is an amazing rescue who deserves to be given the benefit of the doubt- to be given grace. Please grant them this as they are all deserving. They have truly saved my dog and me.

Dear Luz and Dean,

I am asking, pleading, that you both please support Paw Works at the hearing on 20 July. This organization works tirelessly around the clock to save animals in need and find them a permanent home. I was so blessed to adopt my dog Dude from them last September and he has brought so much joy and support to our family. I am forever grateful to Paw Works for rescuing him, providing safety and nourishment, and working endlessly to get him adopted by a responsible person.

Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down!!

Please PLEASE do anything you can to help in this situation.

Luz and Dean,

PawWorks made it easy and inexpensive for me to adopt my rescue pup. I am so grateful for the work they do rescuing animals and finding them forever homes. I thought they were the best rescue in LA when I was researching and visiting them to find my dog. Please do not take actions that will shut them down and lead to more dogs being killed in the shelters.

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

Ventura County Planning Commissioner Luz Juachon:

I implore you to please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

Shame on Ventura County should they choose to unhouse these pets and risk their livelihood.

Respectfully,

Taylor Offlee

Please please do the right thing!! Your demands that they vacate for up to 6 months are unreasonable ! Can common sense please be the standard you use??
The bureaucracy and red tape is astounding.

Thank you for your consideration and I look forward to hearing that this has been resolved in the only reasonable manner feasible-meaning PawWorks stays put so they can continue to do the good deeds they do.

I am sending this email on behalf of myself, my girlfriend and my parents.

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

We rescued a dog from Paw Works recently and she's the absolute love of our lives. I am currently struggling with infertility and depression and this dog has saved me. My parents also rescued our family dog there several years ago. We are so grateful to them, as is our community. Don't shut them down on a technicality.

Cali (formerly Doey) our baby.

Dexter (formerly Rico) our family dog.

To whom it may concern,

Please support Paw Works at the hearing on July 20th. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval for that CUP from Ventura County. There are no other options for a home for the animals currently in their care.

Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their work at their current location and don't shut them down.

I have personally volunteered at Paw Works for a few months now and the people that run that organization just want the best for the animals and this community. They have exhausted all options in trying to comply with the county's requests but there is simply no way to rehome this many animals. They need to be able to shelter in place to save these animals lives, and continue to be a light and support in our community.

Please consider supporting their efforts on Thursday.

Thank you,
Alli Kapocius

It is crucial to understand that there are no viable alternatives for the animals currently under Paw Work's care. Denying their CUP application and forcing them to close their doors would leave these innocent creatures without a safe haven, putting their well-being and lives at risk. The consequences would be devastating, not only for the animals but also for the community as a whole.

I kindly urge you to carefully consider the immense positive impact the Paw Works has had and the lives they have saved. Your support for their CUP application during the hearing on July 20th is vital.

Thank you for your attention and swift action.

Good morning,

I am writing this note in support of Paw Works, the rescue that provided us with our beloved dog Harley.

Paw Works is not just a business. They change lives. Not only the lives of the sweet animals who don't have a voice - they are changing the lives of the families who are able to bring these animals into their homes. We have rescued many dogs over the years from many different rescues, and Paw Works is light years ahead of any other rescue in their reach, their mission, and the level at which they care for the animal community. They are unmatched, and the work they do is so critical. They have faced so much adversity as of late, and it is absolutely heartbreaking to think that a procedural/permit issue could close them down.

PLEASE support Paw Works at the hearing this Thursday, July 20, and allow them to submit their CUP application and continue to shelter these animals while they seek approval from the County of Ventura. There is nowhere else for these animals to go. PawWorks has saved over 14,000 animals and provided them with loving homes since they were founded - please don't let this be the end. Allow them to continue this critical work at their current location.

PLEASE...do not shut them down.

Harley's momma

Good Day,

I am writing on behalf of Paw Works and wanted to express my concern that unless there is a valid safety concern or a legal reason why they are being asked to leave the property on which they are running the animal rescue, I am all for them being able to operate at the property if they have the legal right to stay there which from their side, it sounds like they do.

Please support Paw Works at the hearing on July 20, 2023. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura.

Thank you for your time and service to the County.

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

Please allow them to continue their good work at their current location, and don't shut them down. I'm an owner of a dog adopted at Paw Works and they are such a wonderful organization. They care about these animals, treat them well, and help to alleviate the overcrowded conditions of California's shelters. They home so many animals every month and have a great business model for doing so. Shutting them down would be a really horrible course of action for so many reasons.

Sincerely,
Noel Nicholas

Hello Friends,

Please support Paw Works at the hearing on 20 July. Please, please, please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura.

There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

This will cause so much unnecessary stress on the rescued pets as well as your fellow humans. Please find it in your hearts to let them stay while the application is submitted.

Thank you for your time,

It's unbelievable the lack of compassion for this wonderful organization. I have lived here over 40 years and contributed my taxes to this county and my dog was adopted from Paw Works as well as several of my family members. Sadly, my son-in-law has stage 4 cancer and can no longer keep his dog and is trying to find her a new home, but at least if that isn't possible she would need to be returned to Paw Works great new facility, now our local government refuses to work with them yet I'm sure the big developers get plenty of consideration. I pray, pray, pray that the planning commission works this out in the best possible outcome for the helpless animals already rescued by PW and will be homeless again.

Thank you,

This organization is taking on a plight that would burden taxpayers in the area for the care of these animals. You should work with them instead of having them jump through hoops to help the animals in the community.

Good morning,

As an animal lover my whole life, I've been blessed to be a kahu (look it up-it's a beautiful Hawaiian word) to several animals. Mostly taking over care due to sub par humans not living up to their promise of basic care for their animals.

Animal lovers are special people that go above and beyond all the time for their own animals, and to help others care for their pets. I can't understand that when you can help animals you don't? It's foreign concept to me to not help in anyway I can when people and animals are in pain.

My question is why don't you and the County of Ventura want to find a solution?/ Why would you want your decision to hurt the animals in PawWorks care? Why be rigid, why no compassion why no, let's work this out? Am I missing something?

My life the past 14 1/2 years has been filled with love due to the rescue and safe keeping of my dog's mom off the streets of Venice, Ca. A pitbull mix stray who delivered NINE puppies in a home, safely due to a rescue. People who stopped and helped, who didn't think, not my problem. Her pups were all adopted out to Lovings homes. My family is eternally grateful to all who aided in that rescue and subsequent foster. Our dog Mocha was one of those puppies. Rescues need shelters; buildings, space to provide care not technicalities. Fix this issue and be heroes. You truly will be and it won't be forgotten.

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

Good people helping your community should be supported, need to be supported. Where do you want these animals to go? Don't say you don't , YOU MUST.

Looking forward to seeing the County of Ventura do the right thing and work with PawWorks. Dogs are worth it!!

I certainly appreciate your time. Hope you receive many more emails, calls and letters like mine. #dotherightthing

To whom it may concern,

I kindly request your support for Paw Works during the hearing slated for July 20th. It is crucial that they be given a chance to present their CUP application and be permitted to operate their animal rescue shelter while awaiting its approval from the Ventura County officials. Without Paw Works, the animals under their care would be left without a home, as there are no other viable alternatives.

Paw Works has been an invaluable asset to Ventura County, having rescued and provided care for over 14,000 animals since its inception. I urge you to consider the immense positive impact they've had and continue to have on our community. Please allow them to operate from their current location and refrain from closing their establishment. The work they do is incredibly important, and it is our responsibility to ensure their continued operation.

Thank you for your understanding and support.

I can tell you as a long time foster, they're amazing at what they do and without them the cat and dog population will grow exponentially.

Please help, your support is greatly appreciated.

Please do not cause this wonderful staff and the helpless animals they are helping to be burdened by the consequences of something they had no control over.

You were elected or appointed because of your good judgment which includes knowing when justice is served by making an exception to a rule/law that did not anticipate such a situation.

Thank you so much for reading this.

Good morning all,

I sincerely hope you reconsider shutting down Paw Works! They rescued my dog 4 years ago as well as my parent's dog and my ex-husband's dog. They offer so many wonderful opportunities to our community and the number of animals that have been saved is absolutely amazing. I pray that you allow them to continue their amazing work and keep the rescue efforts going. There are many people in our community that support them!

I know you're receiving a lot of emails right now, but please take these pleas into consideration. These animals need somewhere to go. We all know that California is very expensive and so many places aren't pet friendly, so a lot of these animals have nowhere to go, by no fault of their own.

Thank you for taking the time to read our emails.

Paw works has also impacted our community by offering children to be able to become volunteer to help animals. Through this experiences children learn responsibilities and empathy. These qualities are needed in this difficult world we live in.

I have adopted a dog named Betty from Paw Works about a year ago. She has brought so much joy to our family. She would not be our family member if it wasn't for Paw Works.

Hello Luz,

I am reaching out today to ask you to please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of the CUP from the County of Ventura. They do SUCH good work for our community. I personally know several families that have adopted animals from them.

They have done everything the County has requested, and there are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please help them by allowing them to continue their good work at their current location and don't shut them down.

Dear Dean and Luz, and whomever else it may concern,

I adopted my dog from Paw Works, so this is extremely important to me. Our dog was transferred from a high-kill shelter to Paw Works, and I cannot imagine what would have happened to her if Paw Works hadn't been there to take care of her and make her available to us. It truly breaks my heart. These animals deserve support.

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

Thanks,
Rebecca Wright & Zel

Dear Luz Juachon and Dean Phaneuf,

As a concerned community member, please consider my email in full support of Paw Works and the appeal for agenda item 6A. Our county is already experiencing a crisis in overcrowding at the community animal shelters -- and the thought that our own county is shutting out Paw Works, who relentlessly supports the animals in our community, due to a technicality, is unacceptable. This situation, in consideration the lives of animals, should be given a special circumstance to rectify the situation. Please let me know if there is an opportunity for the community to speak on this important appeal process.

I have adopted from them and volunteer for them and can attest to the highly needed work they do for our community. I'm sickened and frustrated about the thousands of animals who are abused and euthanized. Paw Works helps to address this crisis. Please do not hinder them in their mission.

Good Morning Ms. Luz Juachon,

Please consider supporting PAW WORKS at the 07.20.2023 Thursday's meeting. The poor sweet dogs and cats that are being turned in/abandoned do not deserve unkind behavior from humans. They just want to give, and receive, unconditional love. Please let the Paws Work folks provide the shelter these pets deserve. Thank you for your consideration.

I kindly urge you to show your support for Paw Works during the upcoming hearing on July 20th. Please consider granting them permission to submit their CUP application and maintain their animal shelter operations while they work towards obtaining approval from the County of Ventura. It is important to note that there are no viable alternatives for housing the animals under their care. Paw Works plays a crucial role in supporting Ventura County and has successfully rescued and cared for 14,000 animals since its establishment. I humbly request that you permit them to carry on with their commendable efforts at their present location, without the risk of closure.

Thank you,

Please support paw works at hearing 7/20. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from county of ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support for Ventura County and has saved 14,000 animals since they were founded nine years ago. Please allow them to continue their good work at their current location and do not shut them down

WARNING: If you believe this message may be malicious use the Phish Alert Button to report it or forward the message to Email.Security@ventura.org.

To Whom It May Concern,

Please expedite the CUP application process to ensure that Paw Works is able to continue their work with saving animals in Ventura County. It is imperative that the County of Ventura expedite the application process for Paw Works to save these animals. Without this permit, the animals that Paw Works provides medical care, supportive emotional and socialization therapy to in order to find them forever homes will be terminated and these animals will be sent to "kill shelters". Please do not allow this to happen!

Thank you for your attention in this matter.

Animals need our help. It is due to human error that animals end up in shelters and rescues. Don't let the animals suffer when there are kind, decent, compassionate people in this world willing to help them. The humans that do wrong by animals should be the ones punished, not the animals themselves or the the ones who help them.

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of the CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location.

Dear Luz and Dean,

I'm writing to plea with your humanity and good nature to consider supporting Paw Works at the hearing on July 20, 2023. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. It's a very unfortunate technicality that they are stuck in that has nothing to do with them, their facility and their good work! There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

Please feel free to reach out to me if I can offer further thoughts on this.

Please support Paw Works at the hearing on July 20th. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the county of Ventura. There are no other options for a home for the animals they care for. Paw works provides critical support to Ventura county and has saved over 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

Our counties are overflowing with animals and to shut them down will put further strain on an already overrun system.

Attention Luz Juachon:

I am urgently seeking your support for Paw Works at the hearing on this Thursday, July 20. Please allow them to submit their Conditional Use Permit (CUP) application and continue to provide shelter for rescued animals while they seek approval of CUP from Ventura County. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved over 14,000 animals since they were founded. Please allow them to continue their great work at their current location and please do not shut them down.

By granting Paw Works the permission to continue their operations at their current location, you would be ensuring the continuation of their life saving work. They rescue, rehabilitate, and find forever homes for abandoned and neglected animals, playing an integral role in maintaining animal welfare in Ventura County. The closure of Paw Works would have an irreplaceable void in our community.

Thank you for your support and swift action. Together we can make a difference.

Luz & Dean,

I am writing today to ask that you please support Paw Works at the hearing this Thursday, 7/20/23, in hopes of allowing them to submit their CUP application and continue to provide the needed shelter for rescued animals while they seek approval of that CUP from the County of Ventura. To my knowledge, there are no other options for the animals they house and care for compassionately...Paw Works provides critical support to Ventura County and has saved in excess of 14,000 animals since they were founded. Please allow them to continue this much needed good work at their current location during this process and do not shut them down. Lastly, as I am sure there may be aspects of this situation that I may be unaware, please, if possible, let me know what is causing any issues as I would like to track this going forward and see if able to assist in some way.

Thank You.

I was surprised to hear that Paw Works may not receive a conditional use permit to remain in their facility in Oxnard. I don't know the details of why it wouldn't be granted but I don't understand why it wouldn't be a slam dunk. Their facility is in an agricultural area with no one to bother with barking.

It seems to me to be a benefit to Ventura County for Paw Works to continue rescuing dogs and cats. VCAS can only do so much.

If it were not for Paw Works, I wouldn't have the wonderful dog I've had for 5 years.

Thank you for your consideration.

Hello!

Im writing to say PLEASE support Paw Works at the hearing on July 20th. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval for that CUP from the County of Ventura. There are no other options for a home for these dear animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. PLEASE allow them to cont. their good work at their current location and don't shut them down.

They are critical in the fight to save not only the animals but oftentimes, you could say humans. The love and connection between animals and those humans are, in my opinion, life-changing and sometimes, life-saving.

I rescued my 3 year old clearly highly trained, recent mother, post surgery traumatized mini pinscher from Paw Works. The greatest gift to our family. I will forever be grateful for this incredible Company and the work they do.

Thanks for your time.

Feel free to reach out,

My family adopted our dog, Indy from Paw Works in 2018. Paw Works found Indy and his 5 siblings with their mother in a cardboard box on the side of the road in Bakersfield. Our Indy has completely changed our lives. He is the best dog we've ever had and is the light of our lives. This is just one of 14,000 stories and hopefully 100,000 future stories!

We desperately need to allow Paw Works to continue saving these innocent lives and making Ventura County a shining example to all other counties of how rescues should be operating with the highest standard of living for all.

Thank you 🙏

I was raised in Ventura County from the age of 3 years, and have continuously lived in this County for over 37 years. We need to keep and support good businesses, not run them out on technicalities. Our animals deserve the critical support Paw Works has been providing to Ventura County. They have saved 14,000+ animals since they were founded. To whom it may concern,

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

To do otherwise is cruel and inhumane. Please do the right thing!

Hello Luz and Dean,

I hope this email finds you well. I'm hoping and praying that you will support Paw Works at the hearing on July 20th. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek any necessary CUP approvals from the County of Ventura.

Paw Works has saved over 14,000 helpless lives. Please allow them to continue rescuing, housing, and rehabilitating these abandoned and neglected animals. Their works serves as means of compassion for the well-being of all beings. PLEASE do not take that away from the community.

Best regards,
Jennifer

To whom it may concern,

This ask is something you have the power to do and is highly meaningful to all Paw Works supporters, staff and especially the rescued animals that need shelter and care

Support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura.

There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

Sincerely,

Hello!

Im writing to say PLEASE support Paw Works at the hearing on July 20th. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval for that CUP from the County of Ventura. There are no other options for a home for these dear animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. PLEASE allow them to cont. their good work at their current location and don't shut them down.

They are critical in the fight to save not only the animals but oftentimes, you could say humans. The love and connection between animals and those humans are, in my opinion, life-changing and sometimes, life-saving.

Hello,

I'm an eleven year old kid, and I got a dog from paw works who is a very sweet dog. From what I understand she came to them skin and bones, she had a broken rib and was scared, when Paw Works took My dog (Lily) in she had a much happier life then my family found her. I believe it was a miracle that they found Lily or else... she would've died which I believe to be true. Years later we thought Lily needed a friend, so then we went back to Paw Work and got a puppy named Poppy, who is a fun loving sweet dog! Now I know you're just doing your job, though if you could just think of the countless dogs you could save then hopefully you can find it in your heart to let them stay at their ventura location then please let them. I'm begging you to let them stay.

Dear Luz Juachon,

I hope this email finds you well. I write to you with a heavy heart knowing that Paw Works runs the risk of being shut down over a "technical violation." My family and I adopted a dog from Paw works 8 years ago and another 3 years ago. Both dogs were in bad health when they initially arrived at Paw Works, but the dedicated staff of absolutely wonderful, empathetic, and kind souls brought both dogs back to health and gave them a second lease on life.

Interestingly enough, our dogs have transformed our lives in the BEST of ways - they serve as a constant source of unconditional love, laughter, and loyalty. Our home would feel empty without them. Through the endless efforts of Paw Works staff, thousands of dogs who would have been euthanized have been placed with loving families.

I could go on and on, but in the spirit of respecting your time, I will end with asking you to dig deep and please make a decision with your colleagues to do everything in your power to allow Paw Works to remain in their space. In a world where there is so much injustice and so many wrongs, you have the opportunity to do something heroic and step up to not displace vulnerable dogs.

Please support Paw Works at the hearing on 20 July. Please allow them to submit their CUP application and continue to provide shelter for rescued animals while they seek approval of that CUP from the County of Ventura. There are no other options for a home for the animals they care for. Paw Works provides critical support to Ventura County and has saved 14,000 animals since they were founded. Please allow them to continue their good work at their current location and don't shut them down.

Best wishes,
Dean'a Curry

Good afternoon Luz

my name is Grace I'm sending this message to you and Dean in hopes that this delay that has been given to Paw Works for the new facility which they have been trying to get into please be expedited. Please please have a heart to help these animals and the employees of Paw Works it's not their fault, I'm asking and praying that you will please help them. At a time like this it is so hard and I understand that you're just trying to get permits and everything legitimate but it's not even their facility I hear, it's a neighboring facility. please don't do thus to these animals and the people who work so hard to take care of animals. a heart to take care of, they save animals. People are abusive and ignorant to what's really going on out there, so please I ask that you help them. Thank you.
