The proposed revisions are contained within Chapter 1 of Division 8 of the Ventura County Ordinance Code, Non-Coastal Zoning Ordinance. Please note that throughout the document formatting corrections are proposed for consistency and not mentioned specifically in the staff explanations.

ORDINANCE NO. _____

**AN ORDINANCE OF THE COUNTY OF VENTURA, STATE OF CALIFORNIA
AMENDING DIVISION 8, CHAPTER 1, ARTICLES 3, 4, 5, 6 AND 9 OF THE
VENTURA COUNTY ORDINANCE CODE, NON-COASTAL ZONING ORDINANCE TO
ESTABLISH AN OPEN SPACE – PARKS AND RECREATION ZONE**

The Board of Supervisors of the County of Ventura ("County") ordains as follows:

Section 1

ARTICLE 3:

ESTABLISHMENT OF ZONES, BOUNDARIES AND MAPS

Article 3, Sec. 8103-0 – Purpose and Establishment of Zones and Minimum Lot Area of the Ventura County Ordinance Code is hereby amended to read as follows:

**Sec. 8103-0 - Purpose and Establishment of Zones and
Minimum Lot Areas**

In order to classify, regulate, restrict, and segregate uses of land and buildings; to regulate the height and size of buildings; to regulate the area of yards and other open spaces around buildings; and to regulate the density of population, the following classes of use zones are established along with their abbreviations and *minimum lot areas*. Alternative *minimum lot areas* may be established pursuant to Section 8103-1 et seq. *Minimum lot area* requirements are expressed in "gross" area for land uses and structures. The *minimum lot area* for subdivision purposes is expressed in "*net*" area for parcels of less than 10 acres, and "*gross*" area for parcels of 10 acres or more.

(1) (ADD. ORD. 4436 – 6/28/11)

(2) As specified in Article 19, Old Town Satcoy Development Code (OTSDC). (ADD. ORD. 4479 – 9/22/15)

[Staff Explanation: The new Open Space – Parks and Recreation (OS-REC) zone is proposed to be added to Sec. 8103-0 as a distinct and separate base zone from the Open Space (OS) zone. Since the General Plan allows one unit per 10 acres in OS, the proposed amendment would retain the same minimum lot area for this new zone. The OS-REC zone is intended to enhance the protection of park land and potentially increase the amount of publicly accessible lands for parks and recreation-related uses.]

Article 3, Sec. 8103-7 – Limitations on Zoning of Parcels as Open Space – Parks and Recreation of the Ventura County Ordinance Code is hereby added to read as follows:

Sec. 8103-7 – Limitations on Zoning of Parcels as Open Space – Parks and Recreation

The following limitations shall apply to the establishment of parcels as Open Space – Parks and Recreation:

- a. This zone shall not apply within the Mineral Resource Protection Overlay Zone.
- b. This zone shall not apply within areas subject to an active permit authorizing oil and gas exploration and production as of [insert date of ordinance adoption].
- c. This zone shall not apply to parcels identified in the Housing Element Sites Inventory of the General Plan Background Report Appendix 5.A, as may be amended.
- d. This zone shall not apply to parcels within an “affected county”, as defined in Government Code section 66300, as may be amended, which states “‘Affected county’ means a census-designated place, (as may be amended) based on the 2013-2017 American Community Survey 5-year Estimates, that is wholly located within the boundaries of an urbanized area, as designated by the United States Census Bureau.”

[Staff Explanation: Staff created a set of special limitations for the OS-REC zone to ensure that it meets the intent of the General Plan to conserve open space and allow passive recreational uses. Areas within

the Mineral Resources Protection Overlay, and areas that have an active oil and gas permit would be ineligible for a rezone to the new OS-REC zone. While unlikely to occur, this zone is also being limited from being applied to any potential housing sites that are protected by the Housing Crisis Act of 2019 and any sites identified in the Housing Element's Regional Housing Needs Assessment parcel inventory, as may be updated, to avoid potential conflicts with state housing laws.]

Section 2
ARTICLE 4:
PURPOSES OF ZONES

Article 4, Sec. 8104-1.3 within Sec. 8104-1 – Open Space/Agricultural Zones, of the Ventura County Ordinance Code is hereby added to read as follows:

Sec. 8104-1.3 - Open Space – Parks and Recreation (OS-REC) Zone

- a. The purpose of this zone is to provide for, maintain and enhance the protection of lands for parks and recreation-related uses. This zone shall further the same purposes of the OS zone, as set forth in Section 8104-1.1, except for the purpose set forth in subdivision (b) of that section.

[Staff Explanation: The OS-REC zone is proposed to be added to Sec. 8104-1 as is its own distinct and separate zone from the OS zone. The purpose of this OS-REC zone is primarily the same as the OS zone with the added nuance that is the OS-REC zone focuses on open space preservation and the provision of recreational opportunities. The only purpose that the OS-REC zone does not carry over from the OS zone is purpose 'b' because no resource production is allowed within the zone. For reference, purpose 'b' of the OS zone states:

"The managed production of resources, including but not limited to: forest lands, rangeland, agricultural lands and areas of economic importance for the production of food or fiber; areas required for recharge of groundwater basins; bays, estuaries, marshes, rivers and streams which are important for the management of commercial fisheries; and, areas containing major mineral deposits, including those in short supply."]

[Staff Explanation: The table above shows an entirely new zone column dedicated to the Open Space – Parks and Recreation (OS-REC) zone, which is proposed to be added to the Permitted Uses in Open Space, Agricultural, Residential, and Special Purpose Zones matrix (use matrix) in Sec. 8105-4. The General Plan intends for this zone to focus on the conservation of open space and recreational areas and therefore the allowed uses are more limited than those that are allowed in the Open Space zone. In addition to a focus on passive recreation, the allowed uses in the proposed OS-REC column are characteristic of rural land in the county, provide for public safety and well-being, (e.g., fire stations), and are necessary for consistency with federal and state laws.

The proposed amendments to the use matrix for the OS-REC zone would allow most Recreational, Sport and Athletic Facilities except for Geothermal Spas, Golf Courses, Motocross/Off Highway Vehicle Parks, and Outdoor Shooting Ranges because the historical context of this amendment was that it is intended to be used to conserve open space and parks in a passive setting. These uses typically include intensive development and/or loud uses that are not compatible with open space conservation.

Please see the Staff Report for additional discussion about which uses were and were not proposed to be included in the use matrix OS-REC zone]
